Vandalism Cases Solved,
Nine Boys Admit Guilt

By Susan Rand

Eight Andover boys and a boy from out-of-town have admitted to damaging three town schools in four separate vandalism incidents that left over \$5,600 of broken windows.

The vandalism incidents were solved this week, just a week after the vandals, all aged 15 and 16, broke windows at the West Junior High, Sanborn and Bancroft Schools. Town and school officials have been quick to praise the work of police detectives who put in overtime hours to resolve the vandalism cases.

The names of the youngsters were not released by either the police or the school department.

Andover Police detective Sgt. John P. Houlihan, who headed up the investigation, characterized the young boys responsible for the damage as "good kids," none of whom have police records. Because of this criminal charges will not be lodged against the boys. Instead they face suspension from school, they must donate hours to community service work and will pay back the schools for the full amount of the damage done.

"At the point where the kids sat down here (at the police station) I think they were truly sorry for what they had done," said Houlihan, who talked with each of the youngsters. "I think they are very good kids and I don't believe we will be dealing with these kids again. My guess is that they have learned their lessons."

A police investigation is also in the works to find out who ransacked the Doherty Junior High School last Friday evening. Houlihan said he was sure the nine juveniles weren't involved in the Doherty incident, where vandals broke into the building and sprayed six to eight fire extinguishers on floors and walls, smashed a display case in the main lobby, broke two interior windows, trashed a first floor classroom and a reading room on the second floor, scribbled graffiti on a blackboard, rummaged through a teacher's desk and sounded a fire alarm.

The Doherty investigation was put off as detectives logged overtime hours to close the other vandalism cases. Houli-

han said yesterday that he would begin work on the Doherty case.

School Superintendent Kenneth R. Seifert outlined the punishments for the eight local boys at Tuesday's meeting of the School Committee. He also talked with secondary school students about the vandalism incidents in three separate lectures on Monday morning (see related story elsewhere in this issue).

"These people were unaware of the damage done to public property," Seifert told the committee. "I think they are very much ashamed of what they've done and are ready to pay their dues."

Committee Chairman Donald W. Robb said he wanted to publicly thank the police and school officials who worked on the vandalism investigations and he directed Seifert to invite those persons to a future School Committee meeting.

The damage to the schools began during the school vacation week on Tuesday, Feb. 19, when four of the boys broke three large windows at the Bancroft School, on Bancroft Road. One of the

School Committee To Oppose
Cross Street Land Transfer

The School Committee narrowly voted to support the town's bid to construct a maintenance building on property adjacent to the high school's Lovely Field but unanimously agreed to oppose transfer of a Cross Street parcel to the Conservation Commission when both questions are decided on the floor of Town Meeting next month.

Underlying both issues is the question of whether the School Committee actually owns or has control of both parcels of land. The question is one Committee Chairman Donald W. Robb later told THE TOWNSMAN he would have an attorney investigate.

But Robb won't seek the advice of Town Counsel Alfred L. Daniels because the school's interest could be counter to the town's in the legal question. Instead, Robb said he would contact Atty. Naomi Stonberg, of Holland, Crowe and Drachman, the Boston law firm retained by the committee to handle negotiations with

school unions; and he will contact the Massachusetts Association of School Committees, Robb added.

A third Town Meeting warrant article was to be discussed by the committee at their Tuesday meeting but they learned that the article to transfer land adjacent to the South School from school control to town control had been withdrawn from the warrant by the Board of Selectmen the night before. (See related story elsewhere in this issue.)

Three townspeople spoke in favor of committee support of the Cross Street article, submitted by Donald Barber, representing the West Andover Neighborhood Association. And although the committee voted contrary to his request, Barber told them their concerns about the 107 acres on Cross Street were the same as those voiced by West Andover residents.

If the land could be held in reserve by the School Committee and used only as a

school site Barber said that would solve the problem. But, he told the committee, he didn't think they had control of the three adjacent parcels on Cross Street. It is the Board of Selectmen who control the land, said Barber.

"That could be used on the whim of one person, four persons or ten people and not available when it was needed for school building," Barber told the committee. "That's our concern."

Sen. McGovern Staff Member At Library

Andover residents with questions about state government are invited to meet with a staff member from Sen. Patricia McGovern's office on Saturday, March 9, from 12 noon to 1

p.m., at Memorial Hall Library, Elm Square.

McGovern, a Democrat, represents Andover precincts one through five in the state senate.

Bryden Is Named To Zoning Board

John R. Bryden of Dascomb Road has been appointed to the Zoning Board of Appeals, to fill a vacancy created by the departure of David Gravalles.

The Board of Selectmen Monday

night voted unanimously to name Bryden an associate member of the nine-member board, which includes five regular members and four associates. The ZBA is chaired by Wesley E. Whitney.

Hearings On Warrant Items Next Tuesday

The Planning Board will hold another round of public hearings on town meeting warrant articles starting at 8 p.m. next Tuesday, March 12, at Memorial Auditorium in the town office building on Whittier Street.

The planners will hear public comments on four privately-sponsored articles that will ask annual town meeting to rezone residential land for business use. Each article seeks to rezone a downtown property from Single Residence A (SRA) zoning to General Business (GB).

The articles to be discussed next Tuesday concern: four Elm Street lots that North Andover funeral director John Caron would like to use as the site of a new funeral home; a Park Street parcel owned by Daniel and Claire Morin; a Punchard Avenue parcel owned by Clifford Howe; and a Bartlet Street lot owned by Marion Colgate.

A two-thirds vote of town meeting is required to rezone property. The annual meeting will convene on April 1.

Road Races Among Permits Approved

Two spring road races were among the events approved by the Board of Selectmen Monday night, when they granted a number of licenses and permits during a meeting at town offices on Bartlet Street.

With the selectmen's approval, the Knights of Vartan will hold their annual ten-kilometer road race starting at 10 a.m. Sunday, May 12, at West Junior High School.

At 6:30 p.m. Friday, June 7, the Merrimack Valley Chapter of the March of Dimes Birth Defect Foundation will hold its annual Friday Night Fiver road race, starting at the site of the former West Andover Community Center.

The board also approved one-day, all-alcoholic licenses for the Christian Formation Center, 475 River

Road, for 6 p.m. to midnight March 3, a Ladies of Merrimack function; 6 p.m. to midnight March 23, a 250th birthday celebration for Tewksbury; and 2 to 10 p.m. March 30, a wedding reception.

Common victualler licenses were granted to Joyce Bakshi of Hidden Road for a push cart; Thomas Regan of Burlington for a canteen truck; James V. Hanley of Billerica for catering services at New England Telephone Co. on Shattuck Road; and to Dennis Myles of Medford for a canteen truck.

Finally, the board approved a one-day auctioneer's license for 4 p.m. to midnight March 22 for Charles David Glynn of Sandwich, for an antiques auction at the Sheraton-Rolling Green on Lowell Street.

Supper

Andover Assembly of Rainbow Girls will serve a beef stew supper Saturday, March 9 from 5 to 6:30 p.m. at Cochichewick Lodge, 19 Johnson St., old North Andover center. Tickets will be available at the door.

Andover Students Accepted

Dr. Joseph Harrington announces the acceptance of nine Andover students into the College Academy program at Bradford College this summer. Robert Edge, Stephen Franco, Andrew Hsieh, Andrew Paradis, Charlotte Ringleb, Stacie Ringleb, Tammy Smith, Allen Soong and Allan Stratton will join other bright youngsters in this fast-moving program for students who enjoy a challenge.

Coordinated by George Tobin, an educator from Beverly, the Bradford campus of College Academy offers 25 diverse courses such as rock-

etry, typing, ecological study, fantasy adventures, chess and computer programming. Based on the premise that learning is fun, the College Academy curriculum meets the academic, motor skills and interest needs of bright children in small classes taught by experts. It was founded seven years ago by Dr. Harrington at Framingham State College and has grown to five college campuses throughout the state. College Academy and Bradford College recently held a joint conference on parenting gifted children which was attended by many Andover families.

Cited For Math Work

Anne Marie Fleming, a Dartmouth college sophomore from Andover, was cited by Professor of Mathematics John G. Kemeny for her "...very strong all-around performance..." in an introductory course on finite mathematics.

Fleming, daughter of Gerald and Margaret Fleming, 22 Korinthian Way, is a 1983 graduate of Phillips Andover Academy.

Citation winners are quite unusual among the 4,000 undergraduates on the Dartmouth campus, as members of the faculty are invited to submit

citation reports only when a student's work is sufficiently distinguished to merit special recognition. Relatively few are submitted each term.

Dartmouth, the ninth oldest college in the United States and the northernmost of the Ivy League institutions, has a total enrollment of some 4,000 undergraduate and nearly 1,000 graduate students. Noted as one of the most competitive colleges in the nation, Dartmouth operates on a distinctive four-term, year-round system.

Studying In France

Thomas P. Kannam, a Dartmouth college sophomore from Andover, is studying French language and culture this winter in Lyon, France, as a participant in Dartmouth's Language Study Abroad program.

Dartmouth's Language Study Abroad programs, offered in four languages and in nine different cities, are a popular way to meet the college's language proficiency requirement.

Students spend an academic term in a foreign

country, living with a local family and attending classes taught by native professors at a local university. The courses cover language, literature, civilization and history, but the students are given time to travel on their own and learn about the country.

Kannam, son of Peter and Marie Kannam, 6 Yardley Road, is a 1983 graduate of Andover High School.

Hand of Man quilt on display at library

Quilt Display At Library

Art in New York City is finding that no show attracts the number of people a quilt show does.

Several years ago, Memorial Hall Library displayed the handiwork of two talented quilters, Rhoda Cohen of Weston and Nancy Halpern of Natick, to wide acclaim. By popular request they are returning for the month of March to the library's main reading room to display their new work, along with the quilts of eight other outstanding greater Boston quilters, Lois Ardito of Arlington, Barbara Crane of Lexington, Ellen Dickson of Weston, Sylvia Einstein of Belmont, Janet Elwin of Amesbury, Ruth McDowell of Winchester, Ruth Woodbury of Weston and Sue Turbak of Cambridge.

Quilts may be viewed during regular library hours: Monday through Friday 9 a.m. to 9 p.m.; Saturday 9 a.m. to 5 p.m.; Sunday 2 p.m. to 5 p.m.

Andover Day At School

Due to a scheduling conflict, a number of Andover parents have requested that the Andover Day at the Solomon Schechter Day School of the Merrimack Valley be changed so that they might attend. Andover Day will be held Tuesday, March 26, from 10 a.m. to 2 p.m. at the school, 514 Main St., Haverhill.

Quiltmaking has received recognition in the last decade as a genuine art form and the modern quilt's value is often based on its graphic qualities and fine needlework. Quilt sales and the supplying of quilting materials are estimated as comprising an industry of about \$1 billion. Grandmother's quilts have not been forgotten in today's enthusiasm for bright patchworks. But IBM is hanging quilts on its walls as corporate art and the Museum of American Folk

Judges For Contest Announced

April 1 is the deadline for all amateur photographers to present their entries to Memorial Hall Library in the "Nation of Readers" photography contest, sponsored by the library in cooperation with Andover Photo, Inc.

Entries may be in two categories, color or black and white, and there will be two classes for judging, youth and adult. The three judges for this contest will be Richard Chapell of Andover Photo, Carl Russo of the Andover TOWNSMAN and K. Kelly Wise of Phillips Academy and photography critic for the Boston Globe.

Winners will be announced Sunday, April 21, during the National Library Week celebration at Memorial Hall Library. Winning entries are automatically entered in the American Library Association's national contest with top prizes of \$1,000.

Celebrate reading through photographic expression by entering the "Nation of Readers" contest. Complete rules and entry blanks are available at Memorial Hall Library and Andover Photo.

A decillion is a thousand nonillions, or a unit with 33 zeros in the United States and France. In Great Britain and Germany that same term is used for a unit with 60 zeros.

Inaugural Lecturer For Hospice

The Hospice Program of the Visiting Nurse Association of Greater Lawrence announces that Dr. Elisabeth Kubler-Ross will be the inaugural lecturer for the Ted Perrault Memorial Lectureship Series on Wednesday, April 10, at 7 p.m. at the Collins Center, Andover High School, Andover.

The event is already oversubscribed.

This program is made possible through the donation of the GMC Truck Dealerships of New England in honor of their late president, Ted Perrault, and is open to the public. Contact Connie Carroll for further information.

Bridge Game Benefits Charity

Merrimack Valley bridge players will join thousands throughout North America on Thursday, Marcy 14, in a competition to benefit the National Committee for Prevention of Child Abuse. The Andover Duplicate Bridge Club, an affiliate of the American Contract Bridge League, is sponsoring a section of the spring ACBL-wide charity game with play starting at 7:30 p.m. at the November Club, Locke Street, Andover. This competition is unique because every player in every game in every city will play the exact same hands under nearly identical conditions. Only one winner will emerge, the pair with the best percentage score on the computer-dealt hands.

Patricia Dye, charity chairman for the Andover club, says the public is invited to participate in the local game. Prizes will be presented to the ACBL-wide winners as well as the victors in each of the 25 districts within the ACBL. Master points will be awarded to all who finish well in each and every game. These master points are a method of ranking bridge players on an international basis.

As a result of this and other competitions throughout 1985, a donation of at least \$150,000 will be made to the National Committee for Prevention of Child Abuse. Committee chairmen participating in the Andover charity game are Bernard Baker, Haverhill, Bill Bingham, North Andover, Mary Ellen O'Brien, Reading, Jan Mosher, Andover, Phyllis Wright, Chelmsford, and Jackie Kurdron, Lowell. For further information, call Jan Mosher, 54 Woodland Road.

Elected To Board Of Essex Club

Two Andover men were elected to the Board of Directors of the Essex Club, an organization of Massachusetts Republicans.

Robert Westcott and William Melahn will represent Andover as the First Essex and Middlesex district representatives on the club's board.

The Essex Club also broke its 105 year tradition this winter and voted to permit women to become members, admitting state Committee-women Nancy Luther, of Topsfield, and Kendra Stanley of Haverhill.

BABY TALK

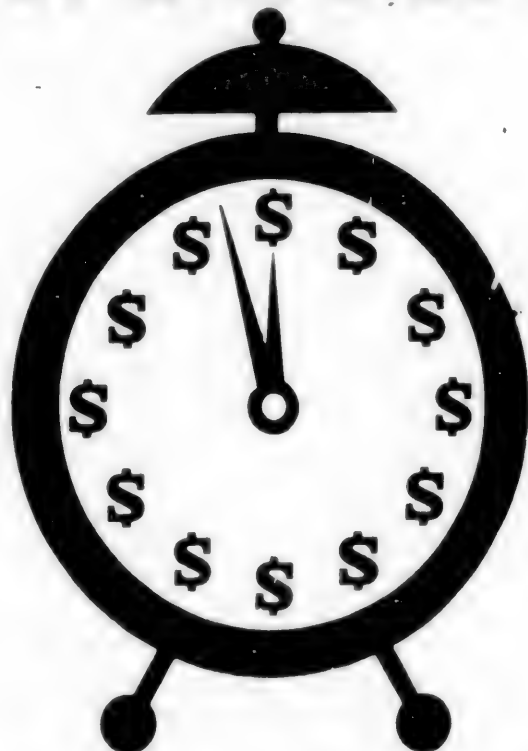

by Jack Resnick

Resist keeping your newborn infant in your bedroom at night. Your baby needs his/her own room. It's very important for the parents as well as for the child. A baby will sleep more soundly where he or she will not be disturbed or interrupted and can develop better sleeping habits. Do not tiptoe around. Live as normally as you did before your baby was born. Your first impulse is to be very quiet and keep noise to a minimum if you desire to close the baby's door when he/she is sleeping, fine, but continue with housework or other activities as usual. Your baby will adjust to your way of living, you do not have to change your life!

There is complete assortment of baby needs available at **TIMY TOTLAND**. We feature famous makers including Simmons Childcraft, Bassett and Moreaux. Over 80 cribs are on display. Ask about our lay-a-way plan, no extra charge. We feature wall decorations and many accessories. Babies toys, everything from heaven to seven. Open 9-5:30 Mon. & Th. 9-9. Delivery service anywhere from **TIMY TOTLAND**, 1111 Elm St., Manchester, N.H. 1-603-623-6171. "Where quality costs you less."

For School Vandalism, It Can Be Double Jeopardy

By Susan Rand

Students involved in damaging Andover's schools will pay doubly for their actions, secondary school students learned this week.

In morning assemblies at West and Doherty Junior Highs and Andover High School Superintendent Kenneth R. Seifert interspersed his lectures on vandalism with personal stories about his family and early days growing up in South Buffalo, N.Y. The talks were an attempt, he told students at West Junior High, to be "frank and honest" about the recent vandalism incidents in the town's schools.

Seifert's message was upbeat as he told the youngsters of his frustrations with just a few of their number. He was quick, too, to say the incidents at the schools may be the work of adults, not students.

"Overwhelmingly the students are terrific students," Seifert told his audience of over 600 students and their teachers. "(But) a handful of people continue to get the headlines."

Caution was dispensed, too, to the junior high schoolers. For those found responsible for damage at a school the penalties may be twice as stiff. If charges are filed with police students must answer not only to them but also face possible school sanctions, Seifert explained.

"I have my form of justice," Seifert warned the youngsters. "I am the judge and then the courts can take over and you can get it twice."

He used the students responsible for the Bancroft School vandalism as an example. Without naming them, Seifert said they would pay back the \$1,339 in damages they caused in three minutes with a slingshot. Each week, until the end of the school year, the four will pay Seifert weekly to the tune of \$330 apiece by the end of the year. They were also suspended for ten days and were each assigned to 120 hours of community service work.

"They will be scraping trays and

sweeping floors for three 40 hour weeks," the superintendent said, adding that "if those four ever do anything wrong I will go to the School Committee for their expulsion from school."

The four youngsters told Seifert that boredom led them to break the windows at Bancroft. So the teacher in Seifert tried to put their boredom into perspective on Monday morning, asking rhetorically how bored children are in Ethiopia or in Poland. And as Seifert told the West Junior High schoolers about his 16 year-old daughter the Punchard Auditorium became very still.

The day before was her birthday, the superintendent explained, but he didn't talk with her about her plans for the summer or a date for the prom because the girl is confined to a hospital. She has been all her life.

"For 16 years that girl has been flat on her back in a hospital," said Seifert. "She cannot talk or see. I rub her hand and she smiles. I wonder if she's bored."

Seifert challenged the students to take responsibility for their actions, reciting a verse that hung in the boy's club he frequented as a youngster. "If not you, then who? If not now, when?" remembered Seifert. He asked them to refrain from lying to protect a friend they knew was guilty of wrong, telling them that the creed in South Buffalo was "I won't squeal but I won't lie."

"If we cannot count on one another then we're not going to make it," Seifert said. "The quality of life in this school is going to be determined by you."

It took a mere three minutes one afternoon for him to draw up a list of positive activities in which the secondary school students could participate, and Seifert rattled off the names of non-existent clubs, scholar organizations and after school activities. But it will be the students who determined the tenor of life at West Junior High, they were told.

"The majority can set the pace and reap the benefits," the superintendent told them.

Vandalism

(Continued from Page One)

youngsters had a slingshot, Seifert said, and the boys took turns aiming at the windows. That incident resulted in \$1,338 worth of damage.

Also on that evening the first of two incidents at the Sanborn School occurred when \$900 worth of windows were broken by two boys. The Sanborn was hit again, on Thursday, Feb. 21, when rocks pelted the Lovejoy Road school, this time by five boys, leaving \$400 worth of damage. The boy from out-of-town was present at the second Sanborn incident, said Houlihan, but his only involvement was his presence, added the sergeant.

The next evening, on Friday, Feb. 22, two boys broke 75 windows at the West Junior High. The West damage amounted to \$3,038, said Seifert, down from his original estimates of \$5,000 to \$7,000.

Some of the nine boys involved were responsible for damage at more than one incident, said Houlihan. This made the investigation somewhat easier, he said, because as the police detectives were working on each of the incidents they found out information about damage at other locations. Houlihan said the Bancroft vandalism case was concluded last Thursday. The West Junior High incident was solved on Tuesday and police concluded their investigation into the Sanborn vandalism cases yesterday.

Parents of all the boys were very cooperative, Houlihan said. In fact, while the vandalism stories were making the headlines on local television and in print, Houlihan said the damage to the schools was also discussed in the homes of some of those found responsible for the damage. He said he thought the parents of the boys were very surprised to find their sons responsible for such damage.

"In every single case the parents were cooperative," Houlihan said. "I was very impressed with the way the parents handled the situation."

The decision on how to punish the boys was made by Houlihan, Seifert and Police Chief James Johnson. Each will be

out of school, suspended for ten school days, or two weeks. But the suspensions won't be a "vacation," said Seifert.

While the students are out of school they will work two 40-hour work weeks at local nursing homes or schools, cleaning dinner trays and sweeping floors. Additional community service time will be required, to be worked on school vacations following the two weeks of suspension, until each boy has worked enough hours, at a cost of \$3 an hour, to equal the amount of damage each caused. The youths will not be paid for their work.

Community service work will be monitored by Mary Wesson, who works with the Andover Police in cases where alternative sentences are assigned to young offenders.

The boys will also pay back the school system for the damage each caused. Seifert told the School Committee that money will be paid weekly, at his office, in an installment plan he will set up for each boy. If the money has not been paid at the end of the school year the parents of each boy will be responsible for the remaining costs, said Seifert, citing a state law that says parents are responsible for damage caused by their children amounting to up to \$2,000.

The superintendent cautioned the parents of the youngsters to let them earn the money themselves, at jobs, instead of giving them the money to repay the schools.

The boy from out-of-town will also pay for his share of the damage, said Houlihan, and will participate in a similar community service program. And Seifert told the School Committee on Tuesday evening that he would contact the administrator of the boy's school to discuss the possibility of having the youth suspended.

Houlihan said the youngsters told him they weren't sure why they damaged the schools, saying they "wasn't anything else to do" when he asked.

"Why they did it, I don't know. I don't think they know," said Houlihan, adding

"somewhere down the road these kids are going to look back and say what the hell did I do?"

Assisting Houlihan on vandalism investigations were police detectives David Grant, Kevin Winters and John Bernhardt.

Houlihan said the recent damage at Salem High School is an ironic coincidence, coming just one day before the first vandalism incident here. The \$750,000 trashing of Salem High could have been the impetus for the Andover dam-

age, he conceded. But by giving the Andover cases such a high priority the police here wanted to send a message to those responsible for the damage. The success of the investigation made a point, Houlihan said, and should be a deterrent to anyone else thinking about vandalism.

"We have to treat vandalism as a very high-risk business," explained the detective. "We wanted to put out a message. And it cost the department, we worked overtime, night and day, to do it."

Cross Street

(Continued from Page One)

Citing a recent court case involving the Wayland School Committee as precedent, Barber said the legal decision proves that the Andover School Committee has lost ownership and control of the Cross Street parcels. But committee member Susan T. Poore said a decision in that same case, when taken a step higher to the state Supreme Court, says that the school committee in question did control the land.

Poore said that Andover's Town Meeting took two of the three Cross Street parcels for school purposes a few years back and the third piece of land was taken as a result of non-payment of taxes. But, she explained, when the land deed was written it said the property was for "school purposes and other municipal uses." It is the "other municipal uses" phrase that clouds the issue Poore said, but added that the June 1984 Wayland case considered the same issue and found that because land was taken with school building in mind it must stay under school control.

Superintendent Kenneth R. Seifert supported keeping the Cross Street land under town control saying that the town should keep all its buildable land, as there isn't much left here.

If Town Meeting voters approve the transfer of the property to the Conserva-

tion Commission an act of the state legislature will be necessary if the town ever wants to use the land for another purpose. That procedure is a cumbersome one, said Chairman Robb, suggesting to Barber that bringing another town board into the matter would only complicate the situation.

But Robert Merrill, who spoke in favor of transferring the property to the Conservation Commission, said the move would prevent "cavalier activity" by town officials such as the now-abandoned plans to build a hockey rink on the Cross Street land.

The question of a municipal maintenance building did not meet with the same unanimous support on the committee as did the Cross Street article.

Members Robb, Richard E. Neal and Robert F. Smith voted to support the article which will ask voters to approve use of land near Lovely Field for a 130 by 50 foot building that would house the town's plumbing, electrical and carpentry shops. Poore opposed the use of the land and Michael R. Giammusso abstained on the vote, later telling THE TOWNSMAN he hadn't made up his mind what impact the proposed building would have should the school board someday decide to build

Teen Month At DCS

The Department of Community Services is focusing on teens throughout March. Courses have been set up to help children approaching the teen years, assist parents with issues their children are facing and includes courses devoted to teens.

"Coping for Kids: Getting Ready for the Teen Years" is offered to students in grades 5 and 6 at Bancroft School, beginning Wednesday, March 13, from 3 p.m. to 4 p.m. Through play, crafts, physical activities and discussion, this four-week program will help children learn how to identify and cope more easily with stress. Lynn Carlson, M.Ed., a staff member of the Greater Lawrence Psychological Center, will teach the program.

Courses for teens include a nutrition course and an S.A.T. workshop. Hart Brent Collins, staff member of Network, Inc., will hold a Saturday, March 16, workshop in her home from 11 a.m. to 1 p.m. for students in grades 6-8 entitled "Tempting Teens with Good Nutrition." The workshop will show how to prepare and choose foods for fitness and good looks.

Summer job applications are available at the DCS office. Playground positions and waterfront staff at Pumps Pond are needed. Qualifying tests are required. Applications can be filled out throughout the month.

A three-week mini-course called "Parenting Your Adolescent" will begin Tuesday, March 12, from 7 p.m.

to 8:30 p.m. at Sanborn School. Michael Finkle, Ph.D. of the Greater Lawrence Psychological Center will focus on the stress of dealing with adolescents. Some of the questions that will be addressed include: What can a parent expect from a "typical" adolescent? How can communication be facilitated to prevent serious conflict? How can parents deal with their adolescent's anger? What is

the best way for parents to work with their adolescent to avoid problems with alcohol or substance abuse? Each meeting will involve the presentation of didactic material as well as informal discussions.

Prom Night: Having Fun and Staying Safe is a presentation for parents and their teenagers that will provide information on alcohol use and abuse and offer positive alterna-

tives to drunk driving on prom night. This special one-night evening will be offered Monday, April 29, from 7 p.m. to 9 p.m. at the high school. No pre-registration is re-

quired.

Register for the hours are from 8:30 a.m. to 4:30 p.m. Monday through Friday. DCS in Town Offices on day through Friday.

Historians Look At Schools

By Virginia Lopez Begg

Did you know that there were more public schools in Andover in 1795 than there are in 1985? What was it like in a time when the hottest new educational hardware was not computers, but blackboards?

These intriguing glimpses into the story of Andover's public schools are part of the Andover Historical Society's annual Memorial Lecture, "School Days in Andover's Public Schools," presented by James Batchelder, March 21 at 8 p.m. in Phillips Academy's Kemper Auditorium. Admission is free and open to the public.

Batchelder, an art teacher at Doherty Junior High School and an avid student of architecture, became interested in the history of Andover's public schools four years ago while doing research for the creation of a mural depicting local schools through the centuries.

The 16 1/2 foot mural, executed with the assistance of several groups of students, is complete and hangs in the room where the school committee meets, but Batchelder continues the research which has led him to many a dusty corner. No one has explored this field before now, and Batchelder is writing a book on the subject.

For example, children used to be seated around the perimeter of the classroom with their backs to the teacher in order to take advantage of the dim natural light from the small windows. There were no lamps. With the movement for better ventilation came large windows, increased illumination and the now familiar arrangement of children at desks in rows in front of the teachers.

Teachers are not neglected in Batchelder's program. He describes the profession as it was practiced in Andover and other similar New England towns in the 19th century when New England led the nation in educational reforms.

But women's liberation, at least married women's liberation, came late to the town. Laws were enacted as late as 1929 forbidding their hire by the town's schools. Such laws were enforced until World War II.

The Andover Historical Society presents its Memorial Lecture each year to honor deceased members who made an active contribution to the society. For information on open hours, exhibitions, tours, special events and membership, call the society office Monday through Friday between 9 a.m. and 5 p.m.

An Afternoon Of Singing

The Jelly Beans are a singing group sponsored by the Andover/North Andover YMCA, consisting of youngsters in grades two through nine. They have performed for a number of women's groups, the veterans' association, the senior citizens' organizations and were involved with the "Up With Greater Lawrence" concert last spring. The youngsters learn the art of performing in song, poetry and dance, under the direction of Josie Walker.

The "2x4's" are a male a capella singing group with members from all over the Greater Boston area. They have performed at schools, nursing homes, church gatherings and other so-

cial events for more than 35 years. Music is an avocation they enjoy and this becomes apparent when they perform.

These two groups share a family relationship: Diana Zipeto of Andover is a member of the Jelly Beans and her dad, John, is a member of the "2x4's." They thought it might be fun to get the two groups together for an afternoon of music. This was done last winter with such success that they are doing it again. Family, friends and the public are invited to an afternoon of singing and sharing on Sunday, March 10, at South Church, Central Street, Andover, at 2 p.m.

Scientists To Visit High School

"Stick with math and science." That's the message hundreds of women high school students will hear this spring from teams of professional women organized by the Association of MIT Alumnae (AMITA).

More than 130 women will visit some 60 high schools in eastern Massachusetts to encourage high school students to continue taking math and science courses to preserve the widest possible options for further education and careers.

The women will discuss their educational backgrounds in light of the careers they are pursuing and will describe what first aroused their interest in their fields and the paths they followed to reach their present positions.

This year the visitors will include members of the Association of Women in Mathematics and the Professional Council.

A panel including Elisabeth Drake, head, Chemical Engineering Department, Northeast-

ern University, Sherry Grobstein, principal engineer, electrical engineer, Instrumentation Laboratory; Nancy Rosenfeld, project leader, software engineer, Data Resources, will visit Andover High School on Wednesday, March 13.

Rydell Tickets Going Fast

Tickets are going for the fabulous 60's happening at the J. Everett Collins Center for the Performing Arts on Saturday, March 9, when Bobby Rydell performs his musical magic.

Rydell will perform at 8 p.m. with the Dovells and the Marvelettes, both legends from the rock and roll period. The audience will adjourn at 10 p.m. to the Andover High School cafeteria for a Sock Hop, complete with pizza and soda. Music will be provided by disc jockeys from WCCM, co-sponsor of the event.

"A new trend has developed in ticket sales," Collins Center officials said. "Instead of tickets being sold in pairs, we are receiving orders for groups of eight to 20 as people are gathering their friends to relive together the 60's days of the letter sweater, rock and roll and teenage idols."

Interest is also high among the younger generation who have heard about sock hops, but have never experienced a true rock and roll record hop.

Bobby Rydell, who had teenagers swooning in the aisles with such hits as "Volare" and "Kiss in Time," is an accomplished singer, dancer and actor and continues to be one of the most popular entertainers.

The Marvelettes, the ever-popular, all female musical group, turned out more than a dozen hits for Motown Records in the 1960s.

Remaining tickets available at the Collins Center Box Office, open daily from 10 a.m. to 5 p.m., and at the Main Street offices of Andover Bank, Andover and North Andover, and Just For You, 36 Main St., Andover.

For further information and group prices, contact the Collins Center Box Office.

The Cookies Are Here

Girl Scouts in northeastern Massachusetts and southern New Hampshire swept their neighborhoods in late January and early February taking orders of Girl Scout cookies. Those cookies have arrived and have been distributed to central drops throughout Spar and Spindle Scout Council. Girl Scouts will begin delivering the cookies soon and will continue until mid-March.

Girls Scouts sell seven varieties of the cookies, baked especially for them. The dollars raised by the annual Girl Scout Cookie sale provide funds for troop programs, financial assistance for girls to attend Girl Scout camp, training and other support to leaders and volunteers through the Girl Scout Council and maintenance, security and operations of Girl Scout camps. Spar and Spindle Girl Scout Council administers girl scouting in 50 communities and Fort Devens in Massachusetts and four towns in New Hampshire. It is also supported by United Funds and Ways.

It may be possible for residents who were not contacted by a Girl Scout to purchase cookies. For more information, call the Spar and Spindle Girl Scout Council.

To Explain Marriage Encounter

St. Augustine's Church will sponsor a Marriage Encounter Information Night on Sunday, March 10, at 7:30 p.m.

Marriage Encounter is for married couples of any age, race, religion or educational background, regardless of financial status. It is a weekend designed to give married couples a chance to get away from the daily routine and concentrate entirely on their relationship as a couple.

Sunday's information night will explain the purpose of a marriage encounter weekend and what the weekend entails. There will be a presentation followed by a question-and-answer period. Refreshments will be served.

St. Augustine's Church invites all couples in the area to attend the information night at its Good Counsel Hall in the lower church, 43 Essex St., Andover.

Lutherans In Tribute To Bach

The Lutheran churches in the Merrimack Valley will gather at the Methuen Memorial Organ Hall on Route 28 on Wednesday, March 13, to commemorate the 300th anniversary of the birth of Johann Sebastian Bach. Preludes will begin at 7 p.m., the liturgy at 7:30 p.m.

J.S. Bach is perhaps the best known of Lutheran composers. He was born in 1685 at Eisenach, in present day East Germany. He served as organists in various cities before being hired as Cantor for St. Thomas' church and school in Leipzig in 1723. While there Bach composed the St. John and St. Matthew Passions and the Cantatas for every Sunday and Holy Day of the year for the four-hour liturgies of the Lutheran

Church in those days. Bach died July 28, 1750 and is buried in St. Thomas' Church in Leipzig.

The commemorative service will be based on Martin Luther's German Mass of 1526. It uses chorales, loved by Bach, for the ordinary of the Mass. Karin Kohl, organist of Faith Lutheran Church in Andover, and Daryl Dolfe and Betty Leighton, organists of Redeemer Lutheran Church in Lawrence, will begin their all-Bach preludes at 7 p.m. The Rev. Harold R. Wimmer, Bishop of the New England Synod, will serve as presiding minister and preacher.

There is no admission for the commemoration, but an offering will be received during the liturgy. The public is invited. A time for fellowship will follow the service.

Rev. Neville To Be Guest

The Rev. Joseph Neville, associate conference minister and area minister for the northeast area for the United Church of Christ, will be the preacher at this Sunday's 10:30 a.m. service at the Ballard Vale United Church (United Methodist Church and United Church of Christ). Following the service he will have the opportunity to greet the congregation and speak with the lay

leadership.

The Tuesday Lenten Services continue at 7:30 p.m. with the Rev. Lynn Enzeras, assistant pastor at the Old South United Methodist Church, Reading, as preacher. This year's theme is "The Disciples of Jesus" and Rev. Enzeras will share a meditation on Peter. These services are open to the community.

Mission Sunday At Church

The Mission Education Committee of the Free Christian Church announces that on Sunday, March 10, the Rev. Norman Kuduudu Montjane, a native of Johannesburg, South Africa, will be guest speaker at the morning worship service.

Rev. Montjane has served at St. Bernard, the Maty, Atterbridgeville, Pretoria, Church of the Ascension, Peitersburg, and at the Cathedral of St. Mary the Virgin, Johannesburg. He served as chaplain at the University of the North, Peitersburg, Anglican Students' Federation, and Baragwanath Hospital, Johannesburg. He also served as a rector at St. Mary's Church, White River and Nelspruit, the All Saints, Mamelodi East and at St. Stephen's Church with St. James Church, Diepkloof, Johannesburg.

Rev. Montjane was elected to be a Research Fellow at Yale-Berkley Divinity School New

Haven, Conn., in 1982. He is in his second year in the Master Divinity degree program at Gordon-Conwell Theological Seminary in South Hamilton.

Name Andover Man Director Of State Ethics Commission

Andrew B. Crane, Vermont's defender general since 1981 and a former Andover resident, has been appointed executive director of the state Ethics Commission.

Crane will fill a vacancy left by Robert Greco, who was sworn in as associate justice of Framingham district court on Feb. 8. He will join the staff on April 1.

According to Ethics Commission Chairman Colin S. Diver, "The Commonwealth is lucky to have attracted a candidate of such outstanding caliber. Crane combines impressive legal skills with a solid track record as the head of a major public agency."

As executive director of the ethics commission, Crane will head the staff and serve as chief legal officer. The commission is the primary civil enforcement agency for the state's conflict of interest and financial disclosure laws, dealing with allegations and violations of those

laws for all public employees at the local, county, and state level.

As defender general, Crane has had overall responsibility for Vermont's statewide public defender system, providing legal services for 10,000 indigent criminal defendants.

He is a 1974 graduate of Boston University School of Law, where he received his degree. As a student, he served an internship with the Boston Legal Assistance Project. He received his B.A. degree from Columbia University.

The son of Margaret and Paul Crane of North Andover, the new director grew up in Andover, where he attended public schools and later Phillips Academy.

He is married to Nancy E. Kaufman, assistant bar counsel for the Board of Bar Overseers. They will reside in Boston.

Selectmen To Continue Review

The Board of Selectmen will continue to prepare for annual town meeting when they meet at 7:30 p.m. next Monday, March 11, at town offices on Bartlet Street.

The selectmen will continue reviewing articles on the warrant for the annual meeting, a task they began this week, deciding whether they will recommend that voters approve or disapprove each article.

Next Monday, the board is scheduled to review all privately-sponsored articles, along with all zoning articles. Planning Board Chairman Margaret Bradshaw is expected to attend, to discuss planning and zoning articles with the selectmen.

Condos On Zoning Board Hearing List

The much discussed Poor Street condominium plan for Andover resident James Barenboim's land is on tonight's Zoning Board of Appeals agenda along with seven other public hearings.

The meeting begins at 7:30 p.m., in the School Committee conference room, upstairs in the school administration building, off Whittier Street.

Mary A. Procopio

Mary A. (O'Rourke) Procopio of Tessier Drive, Andover, professor emeritus of early childhood education at Salem State College, died March 1 at Lawrence General Hospital. She was 70.

Mrs. Procopio was born and educated in Cambridge. She earned her undergraduate degree from Salem State College, and her master's degree and doctorate from Harvard University. She began her teaching career in Hanover and Cambridge public schools, and later became a professor and supervisor of teacher education at Fitchburg State College, and a professor at the University of Lowell. She served as state supervisor for elementary education in the Massachusetts Department of Education from 1950 to 1954, when she was named a Fulbright scholar and professor and spent a year developing teacher-training programs in Pakistan as one of a team of American scholars.

She was a professor of early childhood education at Salem State College from 1955 to 1975, developing and coordinating undergraduate and graduate programs in early childhood education. Her "Percept Program" was chosen as an exemplary program in early childhood education by the American Council on Teacher Training in 1970. Implemented in the Peabody schools, the program integrated bilingual and special-needs students into regular school programs, and used parents trained as teacher aides as well.

The college dedicated its new curriculum library in Mrs. Procopio's honor in 1981. Also in 1981, she was awarded a distinguished service plaque by the Association of Childhood International, honoring her work in curriculum development, and her work overseas and in this country.

During the summer months, she taught at Harvard and at the universities of Maine, Wyoming, and Portland (Ore.). She spent a sabbatical year studying the Montessori school system in Rome during 1965.

She was most recently involved in a federally-funded marine life education project, developed by Salem State and the Merrimack Education Center of Andover. As part of that project, she conducted workshops and collected teaching materials on New England fisheries and marine life. Mrs. Procopio belonged to the Greater Lawrence Vocational Technical School advisory board, and to the American Association of University Women.

She leaves her husband, Domenic R. Procopio, who is professor emeritus of music at the University of Lowell; two sons, Vittorio, of Lawrence, and Giuliano, of Tewksbury; one sister, Rose M. O'Rourke of Belmont; and one granddaughter, Sara Procopio.

A funeral Mass was offered Tuesday morning at St. Robert Bellarmine Church, Haggetts Pond Road, Andover, following services at her late residence.

Veronica Hardy

Veronica (Sinkevich) Hardy of 3 Tremont St., Methuen, a former Lawrence resident, died March 3 at Bon Secours Hospital. She was 68.

Born in Lawrence, Mrs. Hardy attended Lawrence schools. She worked as an assembler at Western Electric Company for a number of years before she retired. She belonged to St. Augustine's parish, Tower Hill.

The widow of Abel Hardy, she leaves one son, William C. Hardy of Red Creek, N.Y.; one daughter, Catherine (Mrs. Dana) DiFiore of Andover; one sister, Sadie McGrail of Methuen; four grandchildren, and a number of nieces and nephews.

A funeral Mass was offered Wednesday morning at St. Augustine Church, Tower Hill. Burial was in Lithuanian National Cemetery. Funeral arrangements were under the direction of the Cataudella Funeral Home, 160 Garden St., Lawrence.

Laura J. Murphy

Laura J. (Goslin) Murphy of 19 Corbett St., Andover, died March 5 at Lawrence General Hospital. She was 70.

Born in Boston, Mrs. Murphy was educated in Boston schools. She had lived in Andover since 1945, and worked in the kitchen department of the Shawsheen before she retired in 1981.

She leaves her husband, William J. Murphy; three sons, William J., Jr., of North Andover, Joseph M. of Beverly and James F. of Andover; one daughter, Margaret T. Murphy of Andover; one sister, Mary Cox of Quincy; five grandchildren, and a number of nieces and nephews.

A funeral Mass will be offered at 10 a.m. Friday at St. Augustine Church, Andover. Burial will be in St. Mary Cemetery, Lawrence. Friends may call from 2 to 4 p.m. and 7 to 9 p.m. today at the McAuliffe Funeral Home, 137 Lawrence St., Lawrence.

Unclaimed List Due

Massachusetts Abandoned Property Law (M.G.L. Ch. 200A) is known as the Unclaimed Money Law. This law seeks to protect individuals by assuring that unclaimed bank accounts, uncashed payroll checks, gift certificates, insurance proceeds and other funds which have been inactive for at least five years are returned to their rightful owners.

State Treasurer Robert Q. Crane is charged with administering this law. One of his responsibilities is to see that banks and other institutions are in compliance with the law.

Crane will release the names in March of more than 35,000 Massachusetts residents due unclaimed funds. These names and other information will appear in newspapers across the state.

Last year Crane returned more than \$10 million to the rightful owners.

PTO Objection Leads To Vale Fire Station Delay

Town meeting may eventually approve plans for a new Ballardvale fire station, but it won't happen this spring. The Board of Selectmen have withdrawn two warrant articles that would have named a site and funded design plans for the station.

The selectmen Monday night voted unanimously to withdraw Articles 21 and 48 from the warrant, after Chairman Donn Byrne explained that the South School PTO is opposed to plans to locate the fire station near South School.

Article 48 would have asked town meeting to authorize construction of the station on a town-owned, half-acre lot located next to the school. Article 21 would have appropriated \$35,000 to draw up designs and specifications for the Ballardvale station.

Town Manager Kenneth Mahony recommended withdrawing Article 48, in light of the PTO's opposition to the South School site, but he suggested leaving Article 21 on the warrant.

The board, however, agreed with Selectman William Dalton's motion to withdraw both articles. Dalton said the town should wait until a site has been chosen before funding plans for the station.

Chairman Byrne said he met last Thursday night with about 50 members of the South School PTO, who asked him to withdraw Article 48. The townspeople fear that housing fast-moving fire engines next to the school would be dangerous for the school's young students, Byrne explained. (He added that the PTO members were not opposed to Article 21.)

The manager said he was surprised by the opposition to the proposed site. "I like the idea of kids' becoming familiar with policemen and firefighters as friends," he commented.

It will be difficult to find another site in Ballardvale, Mahony predicted, and he said that acquiring a site not already owned by Andover will add \$150,000 to \$200,000 to the cost of the station.

Selectman Charles Wesson suggested that Ballardvale residents be involved in the search for another site.

The selectmen reviewed about half of the 82-article warrant Monday night, voting whether to recommend that annual town meeting approve each article. Their recommendations will be printed in the Finance Committee report, which will be mailed to each household in Andover before town meeting begins on April 1.

The board voted to recommend approval of 35 articles, including Articles 1 through 13, "boilerplate" items such as setting salaries for elected officials (Article 5).

They will also recommend that town meeting approve Article 14, to appropriate \$13.5 million to expand the water treatment plant on Haggetts Pond.

Mahony said he expects the town to win a \$4 million state grant, bringing the town's actual cost down to \$9.5 million, for improvements that will help the treatment plant fill the town's water needs up to the year 2020.

The selectmen will recommend that voters appropriate \$1 million for improvements to River Road as well, by approving Article 17. The manager said a portion of the roadway (near the North Street end of the road) would be widened to three lanes, and traffic lights would be added at three intersections. No land-takings would be needed, Mahony said.

A \$200,000 appropriation will fund a new sewer line in a portion of Lowell Street, as described in Article 26; some residents in the area have suffered failed septic systems.

Mahony said some Lowell Street residents are opposed to the article because betterments would be assessed against them to pay for the sewer line — and their septic systems are still working.

But the selectmen will recommend approval of Article 26: They believe the entire area will eventually need a sewer line, and that it would be less expensive to install the entire line at one time.

Andover Gets \$5M State Aid An Increase Of \$131,650

By Sue Aucella Deacon

The state government has sent out its "cherry sheets" tallying state financial assistance to cities and towns — earlier than ever before — and Andover's share of the state-aid pie is \$5,240,150, according to Finance and Budget Director Anthony Torrisi.

Torrisi said he received the cherry sheet numbers Monday afternoon. After balancing the financial aid against assessments charged to the town, the director found that Andover has received a net increase of \$131,650 in new state aid, he explained.

Andover's Fiscal 1986 budget anticipated

\$100,000 more in state aid than the town has actually received — but that is merely three-tenths of one percent of the total \$36 million budget, the director said.

Torrisi said he was confident the aid deficit will be easily absorbed into the budget. He added that the state money is "so close to what we budgeted" that he did not expect it to have any impact on next year's tax rate.

Last year the town received \$5,294,505 in state aid, he said. This year's figure is smaller, but last year's assessments against the town were higher. Current

assessments are \$912,806, down from last year's \$987,442.

One example of an assessment that has increased dramatically: the town's contribution to a health insurance fund for retired teachers. That assessment has risen from last year's \$97,000 to \$167,000, Torrisi said.

The aid money will be disbursed at various times throughout the year, he explained, but all of it will go directly into the town's general fund.

Torrisi said the state legislature and Governor Michael Dukakis are to be commended for "working hard" to re-

lease the cherry sheet numbers this month, before town meetings convene in towns all over the state.

In past years the state has released its cherry sheets months after town meetings leaving state aid as a question mark in the town budget presented to voters at annual town meeting.

"It's a very positive step to have the cherry sheets out before town meeting," the director said. "We'll feel a lot more comfortable, and it makes a difference in how we present the budget at town meeting," he explained.

Shetland Properties On List Of Town's Top Taxpayers

By Susan Rand

Andover's tally of top ten taxpayers has a new name on the list this year. Shetland Properties, on York Street, ranks seventh on the fiscal 1985 muster.

First on the list, as it has been almost every year since the company opened, is Raytheon Co. and Endrock Assoc., of West Andover. Raytheon will pay \$1,317,644 in taxes on property valued at \$64,370,100. That represents an increase for the Lowell Street company of 39.5 percent over last year's tax bill of \$944,463.

For the first time ever businesses in Andover are paying higher taxes than owners of residential property. The Board of Selectmen voted to "classify" or create separate tax rates for residential property and industrial, commercial and personal property. The business rate is \$20.47 per \$1,000 of valuation while the residential rate is \$16.64 per \$1,000. Both tax rates are down from last year's rate of \$20.50 for all town taxpayers.

Andover Assessor William Russell explained that the large increases in some of this year's top taxpayers' bills reflects new building at many of the industrial sites and the revaluation of the industrial property.

Second to Raytheon on this year's list is Hewlett Packard Corp., of West Andover. They will pay taxes of \$783,773 on property valued at \$38,288,000. That represents a jump of 57 percent in taxes for the Minuteman Drive business and a move up a notch from third place on last year's top ten ranking.

Digital Equipment Corp., down from second place last year, is third on the listing with a tax bill of \$566,971 on property assessed at \$27,690,000, an increase of 7 percent. Following Digital is the Gil-

lette Company with property valued at \$25,320,000 and a tax payment of \$518,300.

Showing this year's highest increase in taxes is GCA and American Property, on Shattuck Road, which remains fifth on

the list with taxes of \$462,246 on property worth \$22,603,900, a jump of 79 percent in taxes.

Cormier-Andover, owner of the Andover Country Club and the Country Club

Estates subdivision, will pay taxes of \$258,111, up 50 percent from last year. They rank sixth on the listing, up two notches from last year. The Cormier

Annual Blue and Gold Banquet

Cub Scout Pack 75 of St. Augustine's held their annual Blue and Gold Banquet Friday night. The 33 scouts and their families enjoyed a potluck supper before the presentation of badges, awards and trophies. The highlight of the evening was the entertainment provided by the Shingebis Lodge of the Order of the Arrow Indian Dance team. They told traditional Indian stories, shared Indian customs and demonstrated traditional dances. Photos clockwise from upper left: With the help of her sister, Shawna, two-year-old Bethany Lynch goes through the line to receive her Indian name and makeup that makes her a member of the Shingebis tribe; Christopher Dollard has his Indian paint put on by Jeff Deschenes, known as the Indian "Drummer," after being given the Indian name "Flying Sun"; Winners of the Pinewood Derby: Eric Demers, third, Andrew Paradis, first, and Jim Odum, second, all from den two; Father Richard O'Leary, pastor of St. Augustine's church becomes a member of the tribe; Cubmaster Paul Dollard, left, and Assistant Cubmaster Anthony Massoud hand out badges and awards; Dr. William McCann presents his son, Mike, eight, with his wolf badge making him a member of the wolf pack; David Deschenes, known as the "Medicine Man," performs a dance.

Garage Needed

To The Editor Of The TOWNSMAN:

I have been reading about the very generous gift of the Ristuccia family to the town of Andover. I am amazed that the selectmen and the school committee have not expressed great delight and appreciation of this gift to the town. I don't understand why the question is removed from the Town Warrant and how the town can let it get away.

I can understand the thinking of the residents of Cross Street at not wanting it located there, but the least they might have done is to say "Please place it at the high school."

There is plenty of room on the high school campus. If my memory serves me correctly, there are 17 acres there. The question is raised about parking. An excellent question, but, an easy solution. A parking garage. Where? In the plot north of the Collins Center, between the Collins Center and Shawsheen Road. I realize that the immediate response to this is that "It's Crazy." After all, we have never had a parking garage in Andover. Well, it's high time that we had one and right in that spot.

The high school needs a hockey rink, a swimming pool and an indoor track. Many other high schools have these facilities and it's time that Andover should have them. For those who are thinking only of basics, I would say that Phillips Academy, the number one secondary school in the western hemisphere, has considered them basics for years. The P.A. pool was built back around the turn of the century. If these things are good for 1,200 P.A. kids, they must be good for the Andover kids.

Getting back to the parking garage. We could house hundreds of cars in such a facility. It would be used every day by the high school and the present parking lot would make an ideal additional playing field.

Let's forget the word "crazy" and get down to common sense. The parking garage in that low spot between the Collins Center and Shawsheen Road is a necessity, yes, a necessity right now.

There is nothing wrong with a parking garage. We could stand two or three in the business district. One in the Shaw lot, one behind the town hall and one behind the library.

We should realize that the town was built up in the horse and buggy days. There were no automobiles and very few people had a horse. People did their grocery shopping Friday nights until nine o'clock and all day Saturday until ten o'clock at night. They walked and carried their groceries in their arms. The only automobiles in town were those of Maurice J. Curran and William M. Wood, the big millionaires. Then the doctors bought cars. We didn't need parking garages. They didn't have them in Boston in those days. Now it's 1985 and every family has a car, some with two and three. The crazy idea of a parking garage isn't crazy at all. It's coming. It's a necessity.

Time for Andover to wake up. We need these athletic facilities for all the youngsters of the town and we need the parking garages too.

Let's get on the ball, Andover. Let's get some more letters. Write, now.

William A. Doherty

A Request Not An Offer

To The Editor Of The TOWNSMAN:

Several weeks ago, the League of Women Voters of Andover, prompted by citizen request, wrote to the Board of Selectmen and the School Committee requesting they give consideration to utilizing our new public access channel to telecast their meetings to maximize citizen understanding and participation.

We were very pleased when both committees agreed to the televising of their meetings. However, a substantial misunderstanding has occurred. Our letter was merely a request for consideration, not an offer on our part to provide the funds and/or the staffing necessary to accomplish the task. While the league is training to take advantage of this wonderful opportunity for public education, we are not ready at this time, nor do we feel it is necessarily our responsibility, to bring town government to TV. We hope the town itself will undertake this program.

However, since it has been reported in the TOWNSMAN that we will provide

this service, although no one from the newspaper checked with us to see if that was our original intention, we will attempt to begin this project. We have offered to begin televising the selectmen's meetings on a temporary, trial basis, using our people and our funds. If this proves both popular and feasible, we will go to the town or solicit support from private sources for money to continue since we will have to hire personnel to maintain this public service. We would appreciate hearing from the townspeople about the value of the public broadcasting of town committee meetings.

Chris Holmes
President, LWV-Andover

(Editor's Note: While the letter indicates a willingness on the part of the League to undertake this project, the TOWNSMAN story of Jan. 24 clearly states that the league had requested selectmen to consider the televising of their meetings, in no way implying that the league's trained personnel would be responsible.)

Withdraw Articles

To The Editor Of The TOWNSMAN:

On Monday, Feb. 25, many West Andover area residents attended the Planning Board's public meeting. Several articles for the upcoming town meeting were the attention getters.

1. To rezone a 10-acre tract across from Digital allowing a shopping center.
2. To change town by-laws which restrict number of stories within a maxi-

mum height to no restriction within that same height. (It appears this would increase density).

3. To change town by-laws to allow hotels and motels to agree with industrial buildings. This would allow another story and increase building height. (Do we need the extra traffic?)

Without question, the assembly was

Down The Years With The Townsman

75 Years Ago — March 1910

The Tyer Rubber Co.'s plant and the Ballardvale mills were closed on Monday, owing to the annual town meeting.

Several Andover people patronized the new skating rink in Lawrence on Monday evening.

Now that the Ballardvale playstead is a part of the park system of Andover, the people of the village feel that part of the regular appropriation for parks should be spent on the local playstead. With a small sum of money spent on it each year the Ballardvale playstead in a few years would be one of the beauty spots of the village.

There has just been placed in a new mortuary chapel in the West Parish burial ground of Andover, erected by Mr. William M. Wood, president of the American Woolen Co., one of the largest collections of art glass windows ever brought together under one roof in New England, except the Arlington Street and

Central Congregational Churches of Boston. These windows were made by the Tiffany Studios of New York in the famous Tiffany Favrile glass, under the personal inspection of Mr. Louis C. Tiffany. In this group of 21 windows are six large figure windows, representing the six "Acts of Mercy." At either end of the church is an ornamental rose window, made up of Tiffany cracked glass jewels.

50 Years Ago — March 1935

J. Everett Collins, school committee-man for the past year, defeated Frank H. Hardy for selectman and assessor in the annual election Monday in one of the biggest upsets in the last decade's local political history. The newly-elected selectman will probably tender his resignation next Tuesday night as a member of the school committee. He has, however, made no final announcement to that effect. Legally, it is understood that he may hold the two elective offices.

An army can't march on an empty stomach, nor can an army of snow shovellers shovel on an empty stomach. But their stomachs can't be filled out of the Board of Public Works cash drawer, according to the Board of Selectmen who have held up a bill of \$124.10 presented by the BPW for the replenishing of the drawer. On the night of the big storm the workers were given money out of the cash drawer with which to purchase sandwiches, hot coffee, etc. The proper procedure to have taken would have been to have given the workers an order for food at a certain place, and then have the bills sent to the town.

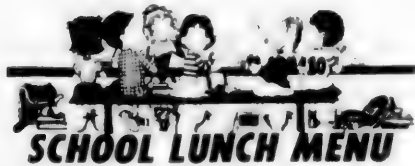

The possibility developed this week that ground may be broken in a few days for the long-awaited half a million dollar school project. The contracts were awarded early this week, and since then representatives of the contractors have been viewing the site to plan the start of the work.

25 Years Ago — March 1960

One of the most crucial decisions facing the voters at town meeting Saturday is the question of two-acre lots in large areas of the town. The widely-separated sections include about one-third of the town's total 32 square miles of area. The larger lies to the west of Route 93, except for the industrial area; and the second is in the easterly part of town, in the general area of the By-Pass to North Reading.

Russell G. Doyle of Evergreen lane easily lapped the field Monday, scoring an overwhelming victory in the three-way selectmen's contest. He piled up 2,689 votes, 1,219 higher than Donald G. Thompson's 1,470. Frank Michel received the endorsement of 595 voters in his first quest for public office.

Townspeople and municipal officials have been full of praise this week for the public works department's work during and after the snowstorm of last week.

The Public Forum

(Continued from Page 36)

and is against any changes that have the potential of increasing density, traffic or affecting environment and landscape anywhere in town and especially West Andover where heavy building programs are very disturbing to residents.

Regarding articles 70 and 71, I believe that they should be withdrawn until there is a clear, understandable definition of each article. Also, the hotel/motel article should be tied to a common article where both sections need approval for acceptance.

At the public meeting there was no common interpretation of these articles. The town manager and the planning board had distinctly different viewpoints, and obviously we, on the floor, had our own version. The unclear description from our town officials only added concern that the articles are so vague that developers will do what's right for them.

Conclusion withdraw both articles

Although the owners of industrial land in West Andover have an investment goal to realize optimum returns, I believe that residents also have a right to live in their area without undue probability of a serious traffic accident due to higher rate of growth.

We are suggesting the following thoughts to town officials to consider and, hopefully, implement.

1. Impose a building moratorium until the area has an opportunity to digest the numerous unfinished buildings.
2. That traffic problems be resolved before additional building.
3. That no zoning changes be considered for immediate future.
4. That town officials stop issuing industrial building variances.

After A Decade, A House Becomes A Home

By Sue Aucella Deacon

A Lowell Street house that was gutted by a fire in 1974 and stood in ruins for nearly a decade has been rebuilt, and is now under a sales agreement with a potential buyer.

The ranch-style house, located at 278 Lowell St. at the corner of Wild Rose Drive, was put on the market late last month. It was placed under agreement with a local buyer within one week, according to Martha Sheehan of Sheehan Realty, Andover.

Sheehan Realty represents the current owner of the property, Campagnone Realty Trust of Lowell, with William A. Campagnone of Lowell as trustee. The house belonged to Richard and Sharon Stempel when it was all but destroyed by fire and then abandoned more than ten years ago.

The charred and boarded-up house, surrounded by an overgrown yard, was a neighborhood eyesore and health hazard until Campagnone began repairs on the property in December 1983.

The reconstruction was delayed for several months last summer because, Sheehan said, the owner was undecided whether to complete the house as a residence, or to remodel it for use as doctor's offices.

The seven-room house now includes two rooms that were once the garage, Sheehan said. Work on the house is "eighty percent complete," she said, and it will be sold "as is."

Repairs completed include new walls and ceilings, new plumbing and wiring, new siding, and a new roof. The original gas-heating system is in working order and has been left intact, the real estate agent said.

The house still needs bathroom fixtures and finish work, and has "no kitchen," Sheehan noted.

When Campagnone bought the property in 1982, Andover officials had already started a one-year process that would have allowed them to tear down the Lowell Street house.

For years, neither the Stempels nor their insurance company, Lumbermens Mutual Casualty Company, had claimed responsibility for the burned-out site. A number of creditors held liens on the deteriorating property, and no taxes were paid on the parcel for several years.

After receiving continuing complaints from neighbors, the Andover Board of Health declared the Stempel house unfit for human habitation in 1982. Neighbors maintained that the abandoned house was a health hazard, as well as a potential fire hazard and an attraction to vandals.

The house could have been razed one year later. However, Lumbermens won a judgment against the Stempels, who are now divorced, and the two mortgages on the property were assigned to the insurance company.

Lumbermens sold the mortgages, totaling \$30,894, to Campagnone, who foreclosed against the Stempels in early 1983.

The new owner subsequently began extensive repairs on the property, which includes a 33,210-square foot lot and is zoned Single Residence B.

Under heavy pressure and in front of a packed house, Tim Perry threw an 18-footer with seven seconds left to give Andover a 65-63 quarterfinal win over Reading High in tournament play last week. Two other players responsible for helping the Warriors to victory in the final seconds were Doug Rotondi, who sank a free throw to tie the game 63-63, and Tom Lutz who rebounded Rotondi's missed second free throw, allowing the Warriors to call time out and plan the winning shot. Andy Cornell and Brett Yannalfo led the assault with double-figure performances as first-place Ballardvale United, winning its sixth straight game, moved a step closer to the Andover Church Basketball League Senior Division (18-15 years) championship with a 56-11 victory over South Church in action at the Doherty Junior High gym last week.

BU improved to 7-1 overall, maintaining a one game lead over St. Robert's B which snapped its second-place tie with St. Augustine's by beating that club, 42-38.

St. Robert's A squared its record at 4-4 by capturing its second straight win, a 32-23 decision over Temple Emanuel in the evening's third game.

Ballardvale, 56-11

BU had little trouble with South, bolting to a 14-4 first quarter lead and putting the game away with a devastating 21-4 third-period surge.

Andy Cornell sparked the eight-player attack with 13 points, seven in the third stanza, while Brett Yannalfo contributed 10 points.

Dave Rehe and Steve Smith pumped through 8 points apiece for the division leaders, Brian Worcester netted 6 and Bartley Parker had his 6 points in the second half.

Dave Gardner converted a trio of fourth quarter free throws, Sean Sullivan tossed in one field goal, and other strong performances were delivered by Andy Meckel and Mike Mooney.

Darren Rice sparked the answering fire for South with 5 points, three of them from the charity stripe, while single buckets were notched by Jim Hendry, Dana Orlando and A.J. Boucher.

Quality minutes were also provided by Steve Poor, Bill Koromhas, Mark Rao and Bryan Boucher.

St. Robert's B, 42-38

SRB galloped to a commanding 25-9 halftime lead over St. Augustine's, then withstood a furious comeback bid over the final two periods en

route to the triumph that put the winners alone in second place.

Paul Davies, Drew Dunn and Kyle Murphy ignited a third-quarter St. Augustine's surge that trimmed the deficit to 33-28, but SRB hung tough in the final stanza on the strength of solid foul shooting by Paul DeMarco and Todd Mustera.

St. Augustine's committed 21 personal fouls in the contest to St. Robert's 11, and SRB's 12-4 scoring edge from the free throw line was the ultimate difference.

DeMarco led the St. Robert's B offense with 14 points, including 6-for-10 at the line, while John Mattola collected 7 points, Brad Reghitto 6, Brendan McGrail 6 and Mustera 6.

Mike Smith had a bucket and Mike Faraci a foul shot to complete the SRB attack, the victors once again playing without high-scoring James Spinelli (injury).

Paul Davies was game-high marksman for St. Augustine's with 18 points, Kyle Murphy pocketed 9, Drew Dunn 8 and Dan Schaeffer 3.

Also playing well were Phil Kendall, Don Cook and John Pike.

St. Augustine's slipped to 5-3 overall after suffering its second straight loss.

St. Robert's A, 32-23

SRA inched ahead 6-4 in the first period and managed to keep Temple Emanuel at bay the rest of the way, increasing the advantage to 16-9 by halftime and retaining a 21-16 lead after three.

Dave Orrick was the big gun for St. Robert's A, now 4-4, as he poured through 14 points.

Bill Martin chipped in 8 points, while guard Scott Friese scored 3 points and put together a

Three Teams In Dead Heat

By Jim Arnold

Three league powers claimed convincing wins this past week in an abbreviated slate of Andover Church Basketball League Junior Division games. Ballardvale, St. Augustine's B and St. Augustine's C defeated their opponents, effecting no change in the division's hierarchy.

Three contests scheduled for February 27 at Sanborn School were cancelled due to a power outage. Those matches will not be made up.

Rounding off this year's activity will be a foul shooting contest on Wednesday, March 13, at the West Elementary gym. Players from Ballardvale, St. Augustine's A and B and St. Robert's A, B and C will shoot at 6:15 p.m. Youngsters representing South, Temple Emanuel and St. Augustine's C, D, E and F will compete at 7 p.m. The two top marksmen will be awarded trophies.

St. Augustine's C, 24-6

A three-game St. Augustine's F win streak came to an end at the hands of a juggernaut SAC five. The F unit could only manage one first-half hoop.

Peter Cookson garnered nine first-half points enroute to his game-high 11, as SAC raced to a 15-2 advantage after two stanzas. Peter Gilotti, J.J. McCormick and Shane MacMaster also tallied baskets. Tom Feely registered the lone F markers of the half.

The third period was much the same. Chris Corcoran, McCormick and Cookson knocked home buckets for a 21-2 lead, before Michale Morrow could connect for two F integers.

Matthew Ragonese scored the final F points with a jump shot. A Gilotti free throw and Charles Towne lay-up rounded out the C stat-

sheet. After Cookson's 11, McCormick was next in the C parade with 4 points and Gilotti added 3. Patricia Lopez and Elisa Wilson also contributed solid efforts.

Feely, Morrow and Ragonese scored the F baskets, while Greg Lebreck and Cara Morrison turned in fine floor games.

St. Augustine's B, 15-7

Temple hung with a strong St. Augustine's B team before toppling. Balanced scoring high lighted St. A's effort as the team's ledger climbed to 7-2.

Amy Cassidy and Todd Harris put St. A's ahead on solo efforts in the first stanza, but Temple struck back with two charity tosses by John Weiner and one by Albert Shenker.

A Josh-Nelken shot opened the second period to put Temple ahead temporarily, but then St. A's heated up. Andrew DeBenedictis connected for two hoops, while Brian Croteau and Shawn MacMaster contributed a basket each for a 12-5 lead.

Things slowed considerably in period three. Harris tallied a St. A's score which was matched by a Jeremy-Scherr shot. The game's scoring concluded on an SAB foul shot by Paul Cassidy.

DeBenedictis and Harris led the SAB attack with four each, Amy Cassidy, Croteau and MacMaster added singles. Sean Gathier and Eric Burt played well on defense. Matt Rosenbaum and Craig Edwards starred for Temple.

Ballardvale, 18-2

The Ballardvale express rolled to their eighth straight win with a drubbing of St. Robert's C.

strong all-around floor game.

Mike French also netted 3 points, Ed Sheehan 2 and Matt Moynihan 2.

Mike Cincotta and Matt Jarek were other notables for SRA.

Division scoring leader Eric Frank had an off night shooting from the outside for Temple, but still led his team with 7 points.

Jay Forlizzi popped through 6 points, Dave Jaye had 3 and a bundle of rebounds, and single buckets were scored by Brad Croft and Jason Weiner.

Mark Leinson swished a free throw to round out the Temple offense.

Temple Emanuel hurt itself at the foul line, hitting only 7-of-21.

The Andover Bantam B's welcomed the St. Laurent Flyers as the visitors stayed with the families of the players on February 22, 23 and 24.

Andover 3 - St. Laurent 5

Andover jumped to a quick 1-0 lead as Keith Murphy scored an unassisted goal. Peter Dane-gian made it 2-0 after a great passing by Derek Camarota and Dan Iandoli. Kirt Siefert came up with some spectacular saves as the St. Laurent team displayed their speed and passing talent.

Three

(Continued from Page 41)

Tim Groean sparked an otherwise dull first period, connecting for a 2-0 Ballardvale edge. A pair of Groean buckets sandwiched efforts by teammates Jason Price and Erinne Sullivan, boosting Ballardvale to a 10-0 lead in the second frame.

John Camillus finally put St. Robert's on the board in period three, but his basket was answered by scores from Price and Wendy Darling. Dan Atkins and Sullivan wrapped up the scoring binge with hoops in period four.

Groean was high man for Ballardvale with 6 points, Price and Sullivan tallied 4 and Atkins and Darling accounted for 2 each. Brian Twomey was the defensive catalyst.

Mike Lombard, Magen Landry and Mike Collings were stalwarts for SRC.

Philippe Delnick and Tony Demes tied it up in the second period as St. Laurent started to gain momentum. Danegian, with an assist by Hugh Maginis, gave the lead back to Andover.

The captain of the Flyers tied it up with a minute left in the second period.

Both teams made outstanding passes and both goalies were tested in the third period. Forwards Randy Moreau, Harry Hawkins and Steve McSweeney put constant pressure on the St. Laurent defense, but were unable to score on a very talented goalie.

Tim Sullivan and Glen Driscoll played well defensively as Todd Roycroft was switched to wing.

St. Laurent made it 4-3, but Andover would not quit. The St. Laurent goalie was spectacular in the closing minutes as the game ended 5-3.

Andover 4 - St. Laurent 4

In the second game the Flyers scored three goals in the first period.

The Andover team seemed flat, but Keith Murphy scored an unassisted goal to make it 3-1. Philippe Delnick made it 4-1. Peter Donegian was everywhere as he, with help from Derek Camarota, assisted Hugh Maginis. Todd Roycroft fed Camarota, who scored on a great individual effort after being knocked down from behind.

With the score 4-3, St. Laurent put constant pressure on the defensive tandem of Mike Web-

er and Dan Iandoli. Only forechecking by Randy Moreau, Steve Kachakian, Steve McSweeney and Harry Hawkins kept the game close.

With two minutes left, Donegian, who was outstanding the whole weekend, tied it up with assists going to Camarota and Maginis.

Ballardvale Takes Girls' Title

Defending champ Ballardvale United, keyed by the all-around play of Jodi Jangro, defeated St. Robert's C 24-16 for the title-clinching victory in Andover Church Basketball League Intermediate Girls Division action last week at the West Elementary gym.

In other season-ending play, Christ Church stopped St. Augustine's B 23-10 and St. Robert's A edged St. Augustine's A 18-16.

The results left Ballardvale United with an 8-1 record, St. Robert's A finished in second place at 7-2 and St. Robert's C was third at 6-3.

Ballardvale United, 24-16

The champs grabbed a 5-2 first-quarter lead as Jangro scored all of her team's points while Joanne McNamara notched a basket for St. Robert's C.

BU outscored SRC 7-6 in the second period to take a 12-8 lead at halftime. St. Robert's inability to convert from the free throw line in the first two quarters (0-of-8) severely hampered their attack.

Jangro netted the only two baskets of the third period and BU led 16-8 a. The rivals then traded buckets in the last stanza.

Jangro finished game-high with 14 points, while Heather Rotondi, Nicole Ricci, Molly Kalkstein, Laura Hebeisen and Lisa Campbell scored 2 points apiece.

McNamara, Kelley Hajj and Diane Castignoli led the balanced SRC offense with 4 points apiece while Sheila Camillus and Kimberly Davis accounted for 2 each.

Completing the BU championship team, coached by Dick Heidt, are Linda Banzi, Tara Sullivan, Lisa Hayes, Anne Murnane, Jennifer Price, Rachael Roberts and Lindsey Sweeney.

Christ Church, 23-10

Elizabeth Hanson had 12 points to power Christ Church to a convincing win over St. Augustine's B.

CC bolted to a 10-2 first-quarter lead and then, despite an improved defensive effort by SAB, coasted home the rest of the way.

Nicole Angelos chipped in 4 points for the winners, Kerry Hagerty 3, Beth Robinson 2 and Keri Lynch 2.

Amy Cunningham and Suzanne Gemmell led the way for St. A's with 4 points each, while Karen Ragonese and Amy Brocklesby converted one foul shot apiece.

St. Robert's A, 18-16

St. Robert's A held off a furious St. Augustine's second-half rally to chalk up the two-point victory.

They led 2-0 after one quarter and 14-1 at half-time, but St. A's, led by the strong play of Cathy Daly, cut the margin to 16-7 after three and were a mere one basket away at the final buzzer.

Kristene O'Sullivan sparked the balanced offense of St. Robert's A with 6 points, Monica Davis added 4, Katie O'Sullivan 2, Kara Slavin 2, Kelly Miskell 2 and Michelle DiStefano 2.

Andover Hockey Association

Bantam B

Andover 6 - Everett 3

The Andover Bantam B's earned a critical victory in Danvers after dropping their last two decisions. The race for a playoff spot is very tight as the season begins to wind down.

Everett outplayed Andover during the first period and only great goaltending by Kirt Siefert kept the score 1-0 at the end of the first period.

Hugh Maginis got Andover on the scoreboard after some great passing by Steve Kachakian and Peter Donegian. Harry Hawkins stuffed one by the Everett goalie after some hard work by Maginis and Donegian, who earned assists. Derek Camarota made it 3-1 after a nice rush and pass by Randy Moreau. Everett's outstanding right wing scored his second and third goal to tie it up 3-3.

The defensive quartet of Todd Roycroft, Dan Iandoli, Steve McSweeney and Glenn Driscoll played very well during the latter part of the game and Everett was not able to score again.

Maginis took the game into his own hands in the third period as he put on one of the finest performances of the season. He scored three goals with assists going to Tim Sullivan, Donegian and Camarota to make the final score 6-3.

Squirt A

Andover 6 - Marblehead 0

Andover continued its climb in the Danvers League by shutting out second-place Marblehead as they dominated both ends of the ice. Andover scorers were led by Ryan Moynihan's hat trick and individual goals by Steve Neal, Andy Novelline and Todd Norton. Andover pulled away after the first half and never looked back.

Andover 2 - Newburyport 8

The team traveled to Newburyport for a makeup game and gave up two very big points to the Valley League-leader. The only points of the night were scored by Andy Novelline and Ryan Moynihan.

Andover 8 - Everett 2

After a scoreless first period, Andover jumped all over Everett 2 and coasted to a victory in Danvers.

Capt. Steve Neal spent the entire game outskating the opponents. One of his two goals was scored while he was flat on the ice in front of the Everett net. Andover went ahead 4-1 in the second period as Bobby Daley (assist Neal) scored, quickly followed by two from Ryan Moynihan (assists Novelline and Norton). Before the period ended Andy Novelline was assisted by Todd Norton.

Steve Neal and Norton both notched a pair of goals in the final period as Andover pulled out of reach.

Andover 11 - Reading 2

Andover pulled to within one point of league leader Newburyport as they blasted Reading with 38 shots on goal with six players putting the puck behind the Reading goaltender.

Ryan Moynihan had a season-high seven assists to go along with two goals. His linemates, Andy Novelline (4 goals, 1 assist) and Todd Norton (2 goals, 3 assists), gave the opposing netminder fits as they scrambled around his goal all game. As usual, Steve Neal (assist Sheehy) did plenty of work and scored a goal of his own. Two of the defensemen, Justin Hesenius and Brendan Finneran,

scored from the points to finish off the barrage.

Pee Wee B

What a month February turned out to be for the Pee Wee B's. They had a wonderful visit with their Canadian exchange program, almost won the district championship and had their regular practice and game schedule.

The first district game was against a strong Danvers. Mike Daley was wonderful as Andover shut them out 6-0. Scorers were Frank Morey, Joe Howard, Don Fraser and Billy Owens.

Next they played Peabody. Two quick goals by Peabody in the first period would have put most teams down in the dumps, but not the B's. They shot the puck, passed perfectly and soon it was 2-1. Two more quick Peabody tallies seemed to be the fuel the B's needed. The score quickly went to 4-3 in the third period and Mike Daley closed the door on the net. Mark Ruskin got the hat trick. Mike Walsh, along with two impressive Squirt A's, Justin Hesenius and Brendan Finneran, put on a tremendous defensive effort as the offense pummeled the Peabody goalie, but Peabody won the game. Tim Fox and Danny Feeley rounded out the team.

After splitting a win and a loss with the Canadians, Andover faced Peabody and Melrose. They lost 6-0 to Peabody but came from behind and almost tied Melrose in a 4-3 game. Goal scorers were Mark Ruskin and Don Fraser. Joe Liguoir, Mike Rustuccia, Chris Cashman and John Constantine were back in the lineup.

Pee Wee A

The Pee Wees traveled to Pittsfield for a weekend tournament and battled to a second-place finish with a 2-1-0 record. Pittsfield won the tournament with a 2-0-1 mark. The Andover boys were guests in the homes of the Pittsfield players and enjoyed the facilities of the Pittsfield Boys Club, which boasted a pool, weight room, billiards and gym, in addition to a fine ice rink.

Andover 3 - Pittsfield 6

The young Warriors jumped to a 3-0 lead, but saw the advantage disappear goal by goal. Ed Chaisson scored two goals, Keith Cutler notched the third and Sean Darwin and Todd Allard picked up assists. Scott Halecki and Gary Bleszinski tried to lead a comeback, but Andover fell to eventual tourney champ Pittsfield.

Andover 5 - No. Berkshire 4

Keith Cutler snatched victory from the jaws of defeat as he scored two goals in the last minute to life Andover 5-4 over No. Berkshire. Colin Nix, Chaisson and Darwin each scored one, with help from John Melillo and Joe Iarrobino. Jim Morris was solid at the blue line, forcing puck and players alike back into the zone. Brian Novelline was outstanding in net.

Andover 6 - Auburn 5

The Pee Wees never gave up in this game and held on (Continued on Page 46)

St. Robert's Clinches Title

Undefeated St. Robert's D overpowered Temple Emanuel 38-10 for a title-clinching victory in Andover Church Basketball League Intermediate Blue Division action last week at the West Junior High gym.

In other season-ending play, South A trimmed St. Robert's F 29-23, St. Augustine's E toppled St. Augustine's C 34-24, St. Augustine's D edged St. Augustine's B 30-29, South B stopped Ballardvale United 23-17 and St. Robert's E blanked Christ B 44-0.

St. Robert's D finished at 9-0, St. Robert's E was runner-up at 8-1 and the close battle for third place ended with South A and South B deadlocked at 7-2. Ballardvale United and St. Robert's C both closed at 6-3.

St. Robert's D, 38-10

The champs inched ahead 10-6 in the first quarter, with guard Eric Cincotta's six points leading the way for St. Robert's D. They increased their lead to 18-10 at halftime and outpointed Temple Emanuel by a 20-0 margin over the final two periods to seal the important win.

Michael Kelley and David Ward shared game-high scoring honors for SRD with 10 points apiece, Scott Lenzi followed with 8, Cincotta 6 and Matt Reghitto added 4.

Marc Shapiro and Adam Goddess led TE with 4 points each, Mike Taylor chipped in 2. Andy Leinson and Brant Firestone also played well.

The roster of the championship St. Robert's D team, coached by Kerry Caramanis, assisted by Bob Mattola, is Pete Caramanis, Eric Cincotta, Michael Keley, Scott Lenzi, Michael Marchlik, Wayne Mattola, Matt Reghitto, David Ward and Brian Workman.

South A, 29-23

It wasn't easy, but South A rode a strong fourth quarter to gain a tough triumph over St. Robert's F.

SRF, sparked by Paul Filosi's four points, took a 6-2 first-period lead. Chetham Harish led South with five points on a 11-6 second-period run and Coach Al Eggert's team moved ahead 13-12 at halftime.

St. Robert's F deadlocked the score at 18-18 after three, but P.J. Johnson (4) and Scott Eggert (4) led South A on a 11-5 fourth-quarter spurt to preserve the victory.

Matt Orlando paced the South A attack with 8 points, Johnson and Eggert had 6 each, Harish added 5 and Todd Gray 4.

Dan Griffin led eight SRF in SRF scoring with 7 points, Filosi added 5, Jonathan Merenda, James Dolan, Ian Timmons, Ryan Cassily and Teddy Fazio each had 2. Adam Ruma converted a free throw.

St. Augustine's E, 34-24

St. Augustine's E concluded its excellent late-season play by improving its record to 5-5 with a conquest over St. Augustine's C.

The winners led 12-4, 19-14 and 26-16 at the first three quarter breaks.

Jamey Lionette was game-high sharpshooter for SAE with 12 points, Ryan LeGrow, Anthony Russo and Chris Zappala had 4 each, Mike Cowhig and Jon Lane 3 each and Rich Radulski and James Landry 2 each.

Greg Poor and Mike d'Angelo were the big guns for SAC with 7 and 6 points, respectively, Shad Flaig and Steve Flaig had 4 points apiece and Jamie D'Angelo added 2.

St. Augustine's D, 30-29

Matt Ouellette netted an inside shot with 0:15 left on the clock to give St. Augustine's D a hard-fought, one-point victory over St. Augustine's B.

The D team had firm control of the game, holding leads of 13-8 after one quarter and 22-12 at halftime.

The 10-point advantage didn't last long as SAB went on a 15-2 run, led by Paul Bernardin's nine points, that put them ahead 27-24 after three.

Chris Lembo converted two free throws to make it 29-24, but baskets by Brett Cox and Scott Bernard narrowed the lead to 29-28 and set the stage for Ouellette's game-winning hoop.

Cox led SAD with 12 points, Mike Giammusso chipped in 8, Ouellette 6, Paul Vallee 2 and Bernard 2.

Feel the dignity of a child. Do not feel superior to him, for you are not.

Robert Henri

The 4000S quattro really shines when the weather doesn't.

Rain. Sleet. Snow. Permanent all wheel drive virtually tames them all with greater traction efficiency. The reason is, the 5-cylinder, 2.2 liter engine's power is distributed equally to all four wheels. And each wheel is surrounded with independent suspension and disc brakes.

This combination works to provide an incredibly enhanced sense of driver control. You'll feel a significant improvement in directional

control, cornering and stopping power. All of the time. In any weather. In the city or on a highway.

And, it achieves with no loss of fuel efficiency, unlike other four-wheel drive systems.

Test drive this car on a particularly nasty day. You'll find out something cheering. There's no such thing as a bad day when you're driving an Audi 4000S quattro.

The art of engineering.

Test drive this car
on the worst day.

Studying In London

Two Andover women are spending the spring in London as part of a college exchange program.

Judith Labell, 8 Serenity Lane, will take classes at the City of London Polytechnic. A hotel/restaurant and travel major at the University of Massachusetts, Labell left for London in February.

A month earlier, Lauren Whitley, 4 Virginia Road, left for Westfield College

at the University of London. She is an English major at Trinity College.

To begin their overseas programs both women stayed with British families for several days of orientation. They are now living on the college campuses where they are taking courses.

The London semester programs are sponsored by Beaver College, in Glenside, Penn.

BUSINESS PROFILES**Salon/Salon: Contemporary Artists at Work**

"There is a real difference between an artist and a hair-cutter," says Dan O'Connell, owner of Andover's Salon/Salon. "Our clients are discriminating enough to appreciate that difference. They appreciate us for the artists we are."

They are, O'Connell would indicate, contemporary artists. O'Connell uses the word "contemporary" frequently in describing his business. A good contemporary cut - one that looks well wet, dry and moussed. Contemporary perms and colors and foiling. Contemporary techniques - administered by an expert staff who have recently honed their skills in training sessions at Vidal Sassoon of London.

"We're not at all interested

in doing what we did five years ago," says O'Connell, who also serves as a stylist to T.V. and magazine models. "So many individuals in this area would not be caught dead wearing the same clothes they dressed in five or ten years ago. Yet they walk around in a haircut from five or ten years ago. We serve progressive, strong, independent clients, male and female; they are secure enough to appreciate what's happening right now in fashion."

Contemporary, as spoken by Salon/Salon, means "pretty." That's our philosophy," says O'Connell. "We enjoy our work; we enjoy our product - a beautiful person."

Because the hair's health is a facet in its beauty, Salon/Salon uses Redken and Nexus prod-

ucts, recognized as the finest acid-balanced products available on the professional market. Included among these is the "replica perm", which reconditions and reconstructs the hair shaft as it curls, not only improving the hair's condition, but ensuring longer wear for the permanent itself.

In addition to hair, Salon/Salon concentrates on skin care and make-up. The shop also features a manicurist who can graft nails and is expert at nail-wrapping, a surprisingly long-lasting extension technique.

Salon/Salon is located in the Sheraton Rolling Green (Lowell St.). Hours begin at 9:00 AM Tues-Sat and continue at the discretion of the stylist. Call 470-2500 for appointments.

Knots and Kraits Shoppe: The Bunny's Bounty

Looking for a one-of-a-kind Easter? Picture this: a table laid with a hand-made cloth and color-coordinated place mats. Cotton napkins curled in powder blue rings that have been painted with dainty flowers. Two candles in holders which match the rings, right down to the tiny flowers, flanking the centerpiece—an exquisite macrame basket filled with painted wooden eggs. And, to preside over the feast: a timid apron-clad bunny in an Easter bonnet.

And the house itself: a Spring straw hat on the door; a wreath of baby's breath and dried flowers over the mantle. Downy stuffed geese cuddled on the couch amid quilted pillows. And a soft grey mouse—a dormouse, of course—holding the door ajar to let in a fresh, warm breeze.

It's Spring; it's Easter. It's Knots and Kraits, a tiny shop on the second floor at 30 Park Street, Andover, that almost literally bursts with creativity.

"I've always dreamed of opening a shop like this," says owner Pat Curtis (pictured with Flopsy, a bunny made from a white sports sock). About a year ago, Curtis did it: she surrounded herself with hand-made tritters and soft-sculptured dolls, crafts of almost every description and a craftsman's paradise of supplies—yarns, macrame cord, venetian glass flower beads, doll makings, ribbons and odds and ends too numerous to name.

Curtis herself is a craftswoman. She supplies a high percentage of her shop's merchandise, and she can whip

up a calico-covered doll cradle or put together silk flower arrangements on order for a complete wedding party, including hall decorations. Although Knots and Kraits keeps a full stock of unique gift items, from cabbage patch doll clothes to table cloths, some of the shop's creations are only done to order, including the macrame Easter baskets mentioned above.

Curtis gives classes in such crafts as tin punch, stenciling and cut-and-pierce lampshades. For a full schedule, call 475-4901. Or stop in: the shop is open Mon. Sat. 10-5. Whether you are a crafter or an admirer of those who are Knots and Kraits will tickle your fancy and fill your head with Spring ideas.

a school or an addition on land near the high school.

The site plan the committee consulted when discussing placement of the building showed that it would fall on town-controlled land, which is adjacent to a parcel of school-controlled land on the high school campus. Poore contends that because the town land is annexed to a school site it is also school-controlled land and as such should be kept for school use.

She suggested siting the maintenance building at the town garage site or near the proposed addition to the water treatment plant.

"I'm not interested in giving away school land until I know what our needs are," said Poore. "I'm opposed to the School Committee taking this position until all the information is in. I would hope that between now and Town Meeting the board will change its mind."

At the last School Committee meeting on Feb. 26 Town Manager Kenneth Mahony talked with the board about this proposal, saying the site for the maintenance building was not on school land and adding that the Board of Selectmen weren't asking for permission to use the land because they didn't need it.

Taxpayers

property is valued at \$13,867,500.

This year's newcomer, Shetland Properties, on York Street, was taxed at \$258,820 on property worth \$12,643,900. They are ranked seventh on the listing.

Following Shetland is the Prudential Insurance Co. of America, with a tax bill 60 percent higher than last year's. Prudential will pay \$257,779 on \$12,609,400 worth of property. They also jumped from ninth on the listing to eighth.

Cressey-Dockham, Lowell Street, drops from sixth place on last year's ranking to ninth this year with a 3 percent drop in their tax bill. This year they were billed for \$246,364 on property valued at \$12,035,400. They are followed by the only non-industrial listing on the top ten, Phillips Academy.

The South Main Street private school, which was seventh on last year's listing, will pay 7 percent less in taxes this year with their bill of \$192,160 on \$10,464,100 worth of property.

This year's new valuations of property are the result of state law which mandates updating property worth to 100 percent fair market value every three years. This year the total valuation of industrial property jumped by 61 percent to \$282,486,900, an increase of \$106,940,300.

The selectmen will also ask voters to approve Article 47, authorizing the construction of a municipal maintenance building on town-owned land off Red Spring Road, near Lovely Field at Andover High School. The brick building will not be used for vehicle maintenance, and no vehicles will be stored outside, according to the article.

Article 80, authorizing the construction of a parking lot on town-owned land off Balmoral Street to serve the Andover Companies during business hours and townspeople at night and on weekends, also won the selectmen's support.

Byrne told the board that according to a letter he had received from the president of the Andover Companies, the company will install new street lights in Shawsheen Village — a \$75,000 appropriation that is described in Article 30 — as a gift to the town, if Article 80 is approved. Byrne called that offer "generous."

Other articles the selectmen voted to support included: Article 15, requesting \$1 million to install new water mains in Greenwood Road and Lowell Street; Article 16, requesting \$1.8 million to build a three-million gallon water storage tank on Wood Hill; Article 18, seeking \$1.5 million for improvements to the sanitary sewer system; and Article 19, seeking \$100,000 for water drainage work.

The board will also recommend that voters approve Articles 22 through 25, sponsored by the Conservation Commission, for the acquisition of open space; and Article 34, which asks the town to swap a town-owned parcel on Hussey's Pond for one owned by Earl Efinger of Iceland Road.

The selectmen delayed acting on several articles until next week, when they will also discuss all zoning articles and privately-sponsored articles that appear on the warrant. That meeting is scheduled for 7:30 p.m. Monday, March 11, at town offices on Bartlet Street.

SALES CONTRACT TIPS

Whether buying or selling, here are some basic points to keep in mind about the written agreement.

1) Everything is negotiable, but not everything is worth negotiating. Good bargainers yield on minor points while keeping alive important issues.

2) Written words count. Many contract forms state that neither party shall be bound by terms or conditions, not found in the sales contract. A verbal promise, such as, "Yes, you can have the clothes washer," is no substitute for a written understanding.

3) Beware of suggestions that you can sign an agreement today and change it by yourself later. A contract can only be changed by mutual agreement by all parties.

4) If you offer to buy a home for \$100,000 and the seller sends back a counterproposal for \$110,000, your original offer is generally dead. In effect, the seller has now made a new offer which you can accept or reject.

If there is anything we can do to help you in the field of real estate, please phone or drop in at **THE HOWE AGENCY, 4 Punchard Ave., Andover. Phone: 475-5100. We're here to help.**

Lou Patracone

STEPPING-STONE

The introductory real estate investment for many people is a cooperative or condominium apartment. It lets one build equity, but costs less than the traditional one-family house.

A recent survey in New York's suburban Westchester County reports that almost all owners of these apartments are satisfied with them - and that a large percentage think of their apartments as "stepping-stones": they would like to move on to a single-family house someday.

For a homeowner, it's good to know there is a market out there, building equity in order to buy your house. Count on a professional real estate agent to target the selling effort for best results.

(And if you own a cooperative or condominium apartment, and want to move up, list your apartment with us. We have many prospective condo owners, ready to make the first step into residential ownership.)

With any kind of real estate, you'll get first-rate service when you list with —

THURSDAY

The ANDOVER TOWNSMAN

Wilmington Site For Arena

Andover's plans for an ice rink may be on thin ice but a similar proposal is still afloat in the town of Wilmington.

James Gillis, chairman of the Wilmington Arena Authority, told THE TOWNSMAN this week that Bernard Ristuccia's plans to build a hockey rink is "in the planning stages. We're evaluating the project at this point."

Ristuccia, an Andover resident, was also planning to build a rink here costing upwards of \$3 million, as a memorial to his wife, the late Elinor Ristuccia. Ristuccia's son, Joel Ristuccia, who has been handling negotiations with town officials on the project, failed to return numerous calls to THE TOWNSMAN to discuss his family's plans.

At last Tuesday's School Committee meeting Andover Town Manager Kenneth Mahony said that an article slated for the April 1 Town Meeting asking town voters to approve the use of town-owned land behind Andover High School for a rink, to be built by the Ristuccia's, was withdrawn from the warrant. Mahony cited problems with parking on the high school site as the reason for the withdrawal.

A proposal to use land at the Greater Lawrence Technical School was also discussed by town officials but that idea wouldn't need Town Meeting approval because the River Road school land is

not owned by Andover. The town manager said last week that there hadn't been any more talk of using that site.

Wilmington's Gillis declined to elaborate on a report in the Feb. 27 edition of the Town Crier, Wilmington's weekly newspaper, that said Wilmington was "moving ahead" with plans for the rink.

Who Pays For What?

Traditionally the costs of a wedding are borne by the bride, groom and the parents of both. Here is a listing of how those costs break down:

Bride...

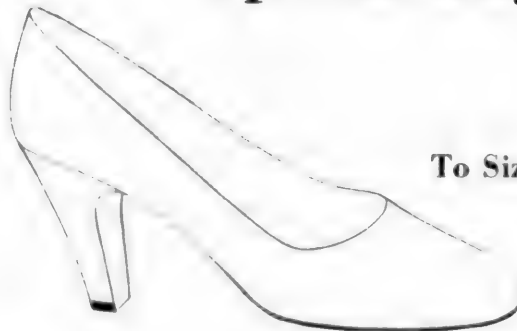

- Her trousseau
- Wedding ring for the bridegroom
- Wedding gift for the bridegroom
- Presents for attendants
- Accommodations for attendants
- Personal stationery and calling cards
- Her medical examination.

If she is financially independent, the bride may assume any other of her family's traditional responsibilities.

Wedding Bouquets Have Special Meaning

Since ancient times when bunches of herbs were carried by brides under their veils, flowers have been an integral part of the wedding ceremony. The first bouquet were made of a mixture of chives, garlic and other strong herbs which warded off evil.

Traditionally though, flowers were symbols of fertility, however many flowers also have significances all their own.

The rose is a symbol of love and beauty. The orchid of beauty and the carnation of distinction. The white daisy symbolizes innocence and the orange blossom, fertility and happiness. Blue violets symbolize faithfulness and the blue bell, constancy.

Forget-me-nots mean true love, lily of the valley, happiness. The white lilac is a symbol of youthful innocence, red chrysanthemums of sharing and the gardenia of joy. Apple blossoms are a sign of better things to come. And Ivy stands for eternal fidelity and good luck.

Experts suggest that you consult a florist at least one month in advance and decide on colors and price. Bring along a piece of material from the wedding gown and attendants' gowns to match the flowers. Also, make sure you find out what flowers will be in season, since these will cost less. Another floral idea is to use silk flowers, which can be a keepsake. Silk flowers will cost more than real flowers.

Wedding Style Determines Outfits For Participants

Once You've decided to tie the knot you'll have to decide what type of wedding you want. Who or what decides if the wedding is to be formal, semiformal or informal?

Those decisions are usually up to the bride and groom and are often determined by the choice of wedding clothes they will wear and the site of the ceremony.

If the bride wears a long gown with a train, the ceremony is definitely formal. If the bride elects to wear only a veil with her gown, the ceremony can be considered to be semi-formal.

If the wedding is formal, what does the bridegroom wear?

In the daytime, a cutaway coat and striped trousers. However, in some contemporary weddings the groom will wear a white tailcoat, but traditionalists hold out for the gray cutaway.

For a contemporary evening formal ceremony, the groom may wear a black or white full dress (tailcoat) while the traditionalist will wear the classic white and tails.

If the wedding is semi-formal, what does the bridegroom wear?

For a traditional daytime wedding, a gray stroller with striped trousers.

For a contemporary daytime wedding, a tuxedo of his choice or an updated stroller.

For a traditional evening ceremony, a black tuxedo or a white dinner jacket. For a contemporary evening wedding, a tuxedo of his choice.

What do the ushers wear?

In a traditional ceremony, the same as the groom with the exception of the lapel flower which in the groom's case should be a sprig of something from the bride's bouquet.

In a contemporary wedding, the ushers may dress "a step down" from the groom. For exam-

Tips For Buying Wedding Gifts

When the bride and groom open their wedding gifts, they may be delighted with one silver gray ladle—but five may be a bit much.

Avoid the embarrassment of giving the a gift the couple may not need or of selecting patterns of silver or china they don't like.

It's as simple as checking with area stores which maintain a bridal registry to find out their preferences. Today couples usually select silver flatware first. Even if you can only afford one serving piece or a spoon or two they will be happily received by the couple.

The china pattern may be available in the newer three-piece place settings as well as the traditional five-piece setting. Consider coordinating or matching serving pieces such as oven-to-table-to-dishwasher items and china accessories for gourmet cooking, tabletop cooking and casual entertaining.

Once you have reviewed the couple's choices on the bridal registry, you may wish to select other items for their home such as room clocks, candlesticks and so on.

Are the bride and groom gourmet cooks, wine experts or lovers of the unique? You'll find accessories they will welcome at a local jeweler. And keep in mind the heirloom potential of any silver wedding gift.

Best Man's Duties Keep Him Busy

The best man at a wedding has plenty to keep him busy. He must keep things going smoothly during the ceremony until after the newlyweds are off for their honeymoon. He also has some duties before the wedding.

During the ceremony he should:

- Help the groom dress.
 - Get from him the clergy fee (in a white envelope) which should be turned over to the clergy in the vestry before the ceremony.
 - Keep the wedding ring until it is needed.
 - Assist the wedding party in getting to the reception.
 - Make the first toast to the bride and groom at the reception and read any telegrams which may have arrived.
 - Dance with the bride after she's danced with her new father-in-law, then dance with the mothers of the bride and groom.
 - Help the groom change into his travel clothes and make certain that he has all the necessary passports, tickets, reservations, cash, charge cards, travelers' checks, keys, etc.
 - Put the newlyweds' luggage into the car.
 - Return any rented apparel.
 - And send the bride's parents a telegram—in the groom's name—thanking them for the reception.
- Before the wedding day, the best man should:
- Arrange for the bachelor dinner.
 - Pick up the groom's gifts to the ushers.
 - Help the groom plan the honeymoon trip by making phone calls, picking up tickets and handling reservations.
 - Keep important documents in a safe place.
 - Arrange hotel rooms for attendants and special guests.
 - Pick up the wedding rings.

• Ceremony assistants such as altar participants and organists are paid from \$5 to \$25. The wedding host pays them directly after the wedding service. Check with clergy to see if the church cost covers the fee.

Reception Fare

Professional caterers recommend that you choose a caterer as early as possible during the planning of your wedding—just as soon as you've decided on a setting for the reception and a budget.

The time of day your wedding is to be held can help determine the menu for your reception:

Light foods such as salads, quiches and crepes are suitable for morning weddings.

For an early afternoon wedding, salads, seafood and chicken are appropriate, along with small rolls and fruit.

Later in the afternoon, finger foods are preferable, such as tea sandwiches and cold meats or salmon and rolls.

Early evening receptions lend themselves to buffets of sliced meats and salads, with a special dish (chicken or veal, perhaps) as a highlight.

And for evening receptions, you might choose a formal dinner or hors d'oeuvres and champagne.

Pearls

wedding day as they always are a lustrous focal point to her outfit whenever they are worn.

In the future, the shimmering strand of cultured pearls may be loaned to a soon-to-be-wed sister, niece or cousin who appreciates the thoughtfulness of the old adage of something "old" and "borrowed" to complete her wedding attire.

Cherished for centuries, the precious pearl has been woven into numerous tales regarding its everlasting beauty and value.

The ancient Greeks believed that Aphrodite, the goddess of love and beauty, was born like a pearl out of a shell that was washed up from the sea. According to Roman mythology, Venus, the goddess of love, was born in a similar fashion.

In the East, the pearl represented love, gentleness, purity and compassion—a tradition carried into every part of the civilized world.

At one time pearls were the exclusive privilege of the noble and wealthy. Julius Caesar invaded Britain in order to obtain a treasure of pearls, according to the Roman historian, Suetonius. After the invasion, Caesar presented a breast plate, set in pink pearls from the Conway River in Wales, to the goddess Venus Genetrix in her temple in Rome.

Throughout history royal women decorated themselves in pearls. Queen Nephretete of Egypt went to her wedding practically covered with pearls. Elizabeth I entwined pearls in her hair, wore them as necklaces and had them embroidered into her robes.

If you don't already own cultured pearl jewelry, why not purchase a strand of cultured pearls for your dreamed-about wedding day?

High, round necklines can be adorned with either multiple strand collars or the classic single strand choker.

The most formal look would be a matinee or opera length necklace falling softly over the bosom; this style is equally alluring with a high-standing collar.

• If the reception is in the church, ask the church secretary what custodians and kitchen help should be paid.

Figure Tips Into Wedding Costs

When calculating the price of a wedding, don't overlook a small, but significant, cost—tipping.

If tips have not been included into the overall cost of the wedding, the bride's parents could find themselves scrambling for cash on the wedding day.

Of course, the less extravagant the wedding ceremony, the fewer the tips.

Following is a list from "Your Complete Wedding Planner" by Marjabelle Young Stewart (David McKay Company, Inc.) of those who are tipped, the amount they receive and who pays them:

- The caterer, hotel or club banquet manager and the bridal consultant receive 1 to 5 percent, but only if special services are offered. The reception host adds any special payment to the bill when it is paid.

- All servers, including waiters, waitresses, bartenders and table captains, receive 15 percent, plus 1 to 5 percent for captains if their fee is not included in the total bill. The reception host or hostess adds gratuities to the bill when paying it.

- Powder and coatroom attendants are tipped 50 cents per guest or a flat fee agreed on beforehand. The hosts add a flat fee to the bill when paying or tipping attendants immediately after the reception.

Skin Care Tips For Brides-to-Be

Don't let honeymoon travel, excitement, sun and lack of sleep play havoc with your glowing bridal beauty.

Here are some tips that can help you retain your radiant look all during the honeymoon:

- Sunburn is the classic honeymoon horror. Take along a sunscreen that's even stronger than you normally use, and if you're in a tropical climate stay out of the midday sun altogether.

- Once your skin gets a rosy glow, you probably won't need any makeup at all for daytime. If you'll be swimming and want to use mascara, be sure to choose a water-resistant type.

- For fun on gala evenings, go glamorous with eye makeup. Just a little will make a big change if your normal look is natural. Try smokey blue or plum shadow blended up and out from the onto the browbone and a spot of highlighter on the inner corners and under the brow. If you like, draw a line in a darker right at the lashes; add mascara.

- Have a good haircut two weeks before the wedding so that your hair dries right into shape.

- Get enough sleep to avoid dark circles under your eyes. If circles do appear, dab on a little cover-stick or cream, dot a drop of foundation over it and blend with a sponge.

Tips

(Continued from Page 15A)

cians receive one to 15 percent only if special services are performed. The limousine driver is tipped 15 percent.

Civil ceremony officials such as judges, justices of the peace and city clerks are paid a flat fee, usually \$10 is the minimum, but check first to see if the official is allowed to accept money.

Tips On Diamond Care

If you have a diamond ring here are four ways to keep it clean and brilliant:

- Place the ring in a sudsy solution of warm water and mild household detergent. Brush the ring with an eyebrow brush, then rinse under warm running water. Use a lintless cloth to pat dry.

- Soak your ring for about 30 minutes in a cup half filled with cold water and half filled with ammonia. Using an eyebrow brush, tap around the back and front of the mounting. Swish the ring in the solution once again before letting it drain on a tissue.

- Dip your ring in a brand name liquid jewelry cleaner, but do not touch the diamond with your fingers. Handle jewelry by its edges.

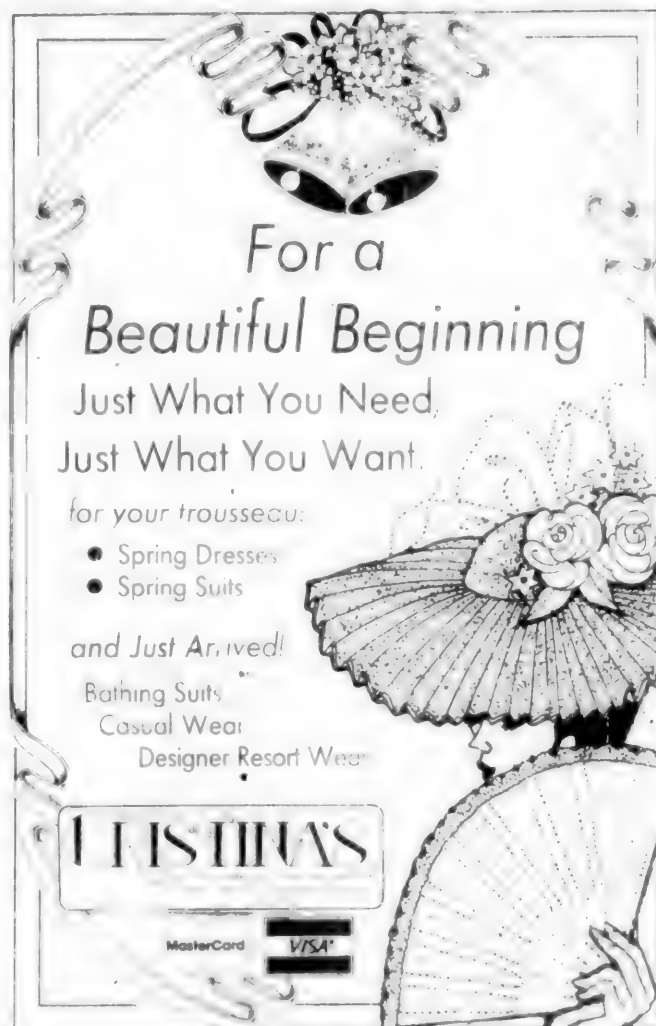

- Machines are available which can clean your ring in a solution of water and detergent.

Remember, to help your ring last don't wear it when doing rough work as diamonds can chip. Don't wear it when doing cleaning or laundry. Bleach can discolor the mounting. Have your jeweler check and clean your ring each year.

Make Wedding Music Special

A line in the popular "Wedding Song" says, "Whenever two or more of you are gathered in his name, there is love." There is also music.

No wedding is complete without it, but to have it meaningful to the couple, it takes a little advance planning and ingenuity.

Here are some other guidelines and suggestions to make every wedding and its reception truly special.

If the wedding is to be performed in a religious setting, consult with clergy or the church music director to determine what types of music are allowed. Many churches, inspired by contemporary services, are eager to accommodate personal music choices.

Resist the temptation to use musical selections just because you like them. No matter how beautiful or entertaining, if the song diverts attention from the ceremony, don't consider it.

When choosing a vocal piece, evaluate the lyrics. Do they say what you want to be said?

Invite friends who can sing or play musical instruments well to participate. Often, the more personalized you make the ceremony, the more meaningful it will be for everyone.

Position musicians and singers near the front and to the side of the pulpit where they can be heard without upstaging the bridal pair.

Many contemporary brides are choosing to stand at the head of the aisle while a special song is played, joining the groom as the song comes to an end.

• Tailor your clothing colors to the climate of your honeymoon. If you will be in the tropics remember that light colors are cooler. Cotton, too, is cooler than synthetics but will take up more space in your suitcase. Dark colors are well suited to city and mountain resorts.

Bridal Registry Gift List

Remember that the china and flatware you select will be used almost every day.

Bridal registry personnel suggest that the bride and groom-to-be take a lot of time pouring over dinnerware patterns before deciding on a pattern.

Should you register at a bridal registry for gifts such as china and silver? Most couples decide this makes gift giving easy for friends and relatives. A bridal registry is a free service offered by most large department and specialty stores. Bridal consultants advise registering as soon as you become engaged.

Make your registry choices as detailed as possible and include not only the dinnerware and flatware or silver patterns you have decided upon but also accessories. Below is a list of the items you may need in your new home from the February/March edition of "Modern Bride."

Use this list as a guide, noting the number of each item you would like. If either of you is living on your own you may already have some of these items.

Among many good reasons to choose

An example is this handsome Chippendale wing chair. Its frame is a precise copy of an antique now owned by Hickory Chair. It was made in 1764 by a member of the Townsend family, distinguished colonial craftsmakers of Newport, Rhode Island. John Townsend took great care and pride in his superb craftsmanship. Hickory Chair takes the same care and pride in reproducing this specimen of his work for our James River collection.

Introducing the two-income financial plan. For families with lots of plans.

You're both working. You're making a good income. You want to take control of your financial future. Yet, somehow you're not making the kind of progress you should be.

You need a financial plan from IDS—the financial planning professionals with 88 years of experience.

With no obligation, your IDS representative will meet with you to help you define your goals—college for the kids, tax shelters, retirement, maybe a vacation home, or starting your own business.

In a second meeting, your IDS representative will present you with a "Personal Financial Analysis." A comprehensive report that analyzes your

financial goals and measures your ability to meet them.

This easy-to-read report highlights your entire lifetime finances. It shows you what you'll need each year to achieve your goals. It alerts you to areas like taxes and estate needs that will require special attention. Your IDS representative will show you the investments that match your goals, your current

finances and your investment personality.

Get in control of your financial future by making your two incomes work harder. Get in touch with your IDS representative to talk about your "Personal Financial Analysis." Call or send in the coupon today.
